PLY IS MADE TO TAXPAYERS' LEAGUE

Col Highway Builders Say
One-fourth of One Per Cent
Overs Worn Away

Vigorously defending the surfacing
of crushed rock and oil used on the
good roads built under the bond issue
of \$1,270,000, the County Highway
Commission is out today with a state-
ment in reply to the petition of the
Taxpayers' League of Orange County.

At a meeting of the highway com-
missioners, D. C. Pixley of Orange, W.
T. Newland of Huntington Beach, and
R. J. McFadden of Anaheim, and High-
way Engineer S. H. Finley, this week,
a committee of the league presented a
statement protesting that the surfac-
ing that has been used is only tem-
porary and flimsy. In effect, they
urged that asphaltic surfacing be put
upon the roads already built instead
of using the surplus of \$240,000 in
building roads not included in the
original plan under which the bonds
were issued. S. J. Jackman and A. C.
Tiede of Santa Ana and L. E. Smith
of West Orange were the league's
committee.

The statement issued today by the
County Highway Commission follows:
To the Taxpayers' League of Orange
County, California.

Gentlemen: In reply to the commu-
nication presented to this commission
on January 25, 1915, by your commit-
tee, Messrs. S. J. Jackman, A. C.
Tiede and L. E. Smith, and which, as
coming from citizens of this county
is entitled to a courteous reply, we
beg leave to present some facts in
reference to the road work under our
charge which we have been endeavor-
ing to prosecute in the interest of all
the taxpayers of our county.

Our aim has been to safeguard the
interests of all the citizens of the
county and we submit that the tax-
payers who live in those sections
which were not reached by the origi-
nal road system, and consequently
have received very little direct ben-
efit from the expenditure of money thus
far, are entitled to consideration be-
fore those who live in close proximity
to roads already constructed.

We feel that it would be showing
a selfish disposition for those of us,
who have had roads of a "durable and
lasting character" (the assertion of
your committee to the contrary not-
withstanding), built adjacent to our
homes and property, to insist on hav-
ing the ones we have made more at-
tractive and pleasant to drive over,
and deny to those living in outlying
districts any consideration whatever.
We were furnished with an unlimited
amount of money, and left to expend
it as we chose, we would build roads
with a six-inch concrete base instead
of four, and a two-inch, as-
phalt concrete top instead of
(CONTINUED ON PAGE TWO)

SMOOT BREAKS FILIBUSTER RECORD

Talks Steadily for Nearly
Twelve Hours and Finishes
Strong

WASHINGTON, Jan. 30.—After an
all-night filibuster in the Senate
against the government shop purchase
bill, Senator Smoot of Utah, was still
talking at daylight. He began his ad-
dress at 9:50 last night. Four or five
nodding senators sat in the chamber.
Democrats were stretched, napping,
in the committee rooms.

Though he appeared physically able
to continue indefinitely, Smoot yielded
the floor to Sutherland of Utah at 9:25
this morning. Smoot's most remarkable
was one of the most remarkable in the
Senate's history. He talked contin-
uously and pertinently on the bill,
according to resort to the usual filibuster
methods of reading the Bible
or from newspapers. After eleven
hours and thirty-five minutes of talk-
ing he called for a glass of milk, which
constituted his breakfast.

Germanians Alarmed by Slav Advance

Wind and Tide Wreak Havoc on Beach Cities

3.23 IN. RAIN IN 48 HOURS;
TIDES AGAIN DAMAGE NEWPORT
STREET LIGHT SYSTEM, WALK

For the forty-eight hours beginning at 7 o'clock
Thursday morning and ending at 7 o'clock this morning
three and twenty-three hundredths inches rain fell here,
according to S. Hill & Sons' rain gauge.

At 7 o'clock this morning the season's total rainfall
was thirteen and three-hundredths inches.

Santa Ana was visited by the
hardest rainstorm of the season
yesterday afternoon. The storm,
beginning Thursday morning, in-
creased in violence until, at times
yesterday afternoon, it seemed as
though there was about to be a
flood.

Except for delays in beet plant-
ing and delays in working the
bean and other lands in the county
and holding up navel orange
picking until about the middle of
next week, there was no damage
done here.

Newport Beach suffered the
most, though this was not the re-
sult of the rain. The high tides,
accompanied by great swells,
were responsible for the havoc
wrought in the ocean front.

This morning 250 additional feet
of the asphalt walk along the
ocean front were washed away
and undermined by the swirling
waters. Yesterday 2,500 feet were
carried away, making about 500
feet in all. The walk is now dam-
aged from the city hall to the pier

and from the city hall to the east,
about 250 feet on either side.

Additional damage was done to-
day to the newly installed orna-
mental street lighting system,
newly laid conduits being washed
out of the foundations seriously
affected.

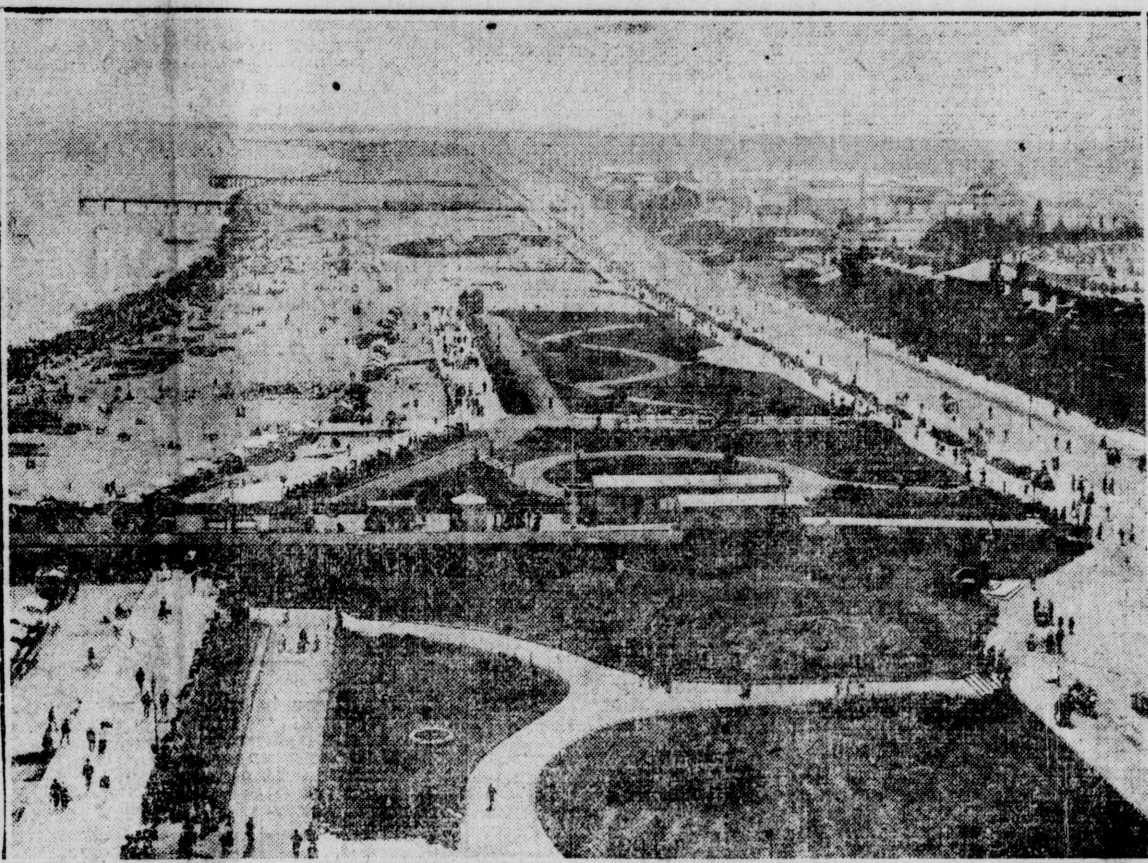

At Balboa the house of Sena-
tor R. N. Bulla of Los Angeles
was damaged. The rear end was
undermined and it sagged down
considerably. Plumbing was dis-
connected.

The Abbott Villa apartments
on the ocean front at Balboa were
made almost a total wreck.

Another high tide is due tomor-
row morning at 8:30. Should it
be accompanied by heavy swells
as was the case yesterday and to-
day, more injury will be done to
property. Tomorrow there will
be a six-foot-and-four-inch tide.

Although much water came
down the Santa Ana river and the
San Gabriel river, the waters had
gone down markedly by this af-
ternoon and had done no damage

TWO EUROPEAN LOCALITIES
RECENTLY IN PUBLIC EYE

THE upper picture shows Yarmouth, on the east coast of England,
which was one of the towns attacked by the Germans in their air
raid of Tuesday, Jan. 19. Several persons were injured and some
houses were wrecked by bombs, dropped either by aeroplanes or Zeppelins
from a great height.

The map below shows the area in Italy where thousands were killed
in the earthquakes which radiated from Sora and Campobasso, January 13.
A score or more towns were almost wiped out and in one, Avezzano, it is
believed 9000 were killed out of a population of 10,000. Rome had two
shocks, but little damage was done to the historic monuments of the city.
The tower of Marcus Aurelius was damaged but the Coliseum, St. Peter's,
and other landmarks were not injured. The circles indicate distances in
miles from the centre of the disturbances.

Sunday.

WOULD PROVIDE FOR BETTING ON RACES

Marron Resubmits Racing Bill
With Pari-Mutuel Clause
Added

SACRAMENTO, Jan. 30.—Assembly-
man Marron today re-submitted his
bill to permit horse racing in Califor-
nia, with the Pari-mutuel auction pool
betting system, which his other bill
failed to include. The bill provides
for three state racing commissioners
with full power over meetings.

Ryan introduced a bill making it a
felony for any person to receive money
or things of value for treating sick
persons unless licensed by the state.
Sharkey asked for a bureau of den-
tal sanitation with an inspector at
\$3000 a year, to compel cleanliness in
dental offices.

Mouser asked a \$50,000 appropria-
tion to pay automobile owners over-
charged for motor vehicle licenses in
the event the state returns to the
formula for rating horsepower on auto-
mobiles used last year.

Canepa introduced a bill permitting
the shooting of meadow larks, black-
birds and robins from November 15 to
March 1.

M. B. Browne introduced a constitu-
tional amendment extending suffrage
to all persons over eighteen.
Fish introduced a bill prohibiting
billboard advertising on real estates.

President Predicts New Season of Prosperity

WASHINGTON, Jan. 30.—Another
confident prediction that the country
will enter upon a new era of enterprise
and prosperity was voiced yesterday
by President Wilson in a speech be-
fore the convention of the American
Electric Railway Association.

Speaking to business men and
through them to the world of business
generally, the president outlined what
the Democratic congress has tried to
accomplish through its trust legisla-
tion, and declared that while a test
period would be required to determine
whether the correct remedy had been
applied, he believed the "maze of in-
terference points" which had checked
enterprise for twenty years had been
cleared away.

With a common understanding re-
garding business reached, he said,
henceforth nobody is going to be sus-
picious of any business just because
it is big. He gave some of the "rules
of the games" which he thought ought
to be followed, heading the list with
publicity—"not doing anything under
cover."

"I have always maintained that the
only way in which men could under-
stand one another was by meeting one
another," said the president. "If I
believed all that I read in the news-
papers, I would not understand any-
body. I have met many men whose
horns dropped away the moment I
was permitted to examine their char-
acter."

"It seems to me that I can say with
a good deal of confidence that we are
upon the eve of a new era of enter-
prise and of prosperity. Enterprise

has been checked in this country for
almost twenty years, because men
were moving among a maze of inter-
ference points. They did not know
what was going to happen to them.
All sorts of regulations were proposed,
and it was a matter of uncertainty
what sort of regulation was going to
be adopted. All sorts of charges were
made against business as if business
were at fault, when most men knew
that the great majority of business
men were honest, were public-spirited,
were intending the right thing and
the many were made afraid because
they did not do what was right.

"The most necessary thing there-
fore, was for us to agree, as we did
by slow stages agree, upon the main
particulars of what ought to be done
and then to put out laws in such
shape as to correspond with that gen-
eral judgment."

VERMONT TO BE WITHOUT A SUPREME COURT MONDAY

MONTPELIER, Vt., Jan. 30.—Five
justices appointed by Governor Fletch-
er in the last hours of his adminis-
tration were to be ousted from office this
afternoon as a result of action by the
legislature which passed a bill vacat-
ing the supreme bench on January 31.
It was contended that the justices'
terms expired October 31, as Gov-
ernor Fletcher, his political enemies
said, could not make permanent ap-
pointments to continue after the ex-
piring of the new legislature.

VIRTUALLY ADMITS WILSON CANDIDATE FOR RE-ELECTION

WASHINGTON, Jan. 30.—After a conference with Presi-
dent Wilson, Chairman Wm.
McCombs of the Democratic
National Committee announced
that the 1916 political cam-
paign is now on.

It was implied that the an-
nouncement was a virtual ad-
mission of President Wilson's
candidacy for re-election.

McCombs said the president's record
and the party's achievements will be
the basis of the campaign, thus lend-
ing further strength to the belief
that the statement is a virtual announce-
ment of Wilson's candidacy.

TWO KILLED WHEN P. E. CAR STRUCK MACHINE

LOS ANGELES, Jan. 30.—As they
drove through a blinding rainstorm
Charles D. Monroe, aged 30, 101 Oak
avenue, Pasadena, and P. E. Hardesty,
aged 35, Lamanda Park, were killed
yesterday afternoon at La Presa, their
auto being struck and crushed by a
Pacific Electric car.

Monroe was driving the auto when
he crossed the railroad tracks two
miles this side of Santa Anita.
The fast moving Monrovia car, driv-
en by O. O. Reed, caught the light
auto squarely and without warning,
the motorman's vision being blinded
by the rain. The machine was crushed
to splintered wood and wrenched
metal.

KONIGSBERG THREATENED BY RUSS ARMIES

German Forces Being Rushed
From West to Defense
of City

RUSSIANS CLOSELY
PRESSING ON CITY

Paris Claims Russians Have
Captured Important Per-
sian City

LONDON, Jan. 30.—The sweep of
the Slav armies across East Prussia
toward Konigsberg is alarming Ger-
many. The Kaiser is rushing rein-
forcements to the defense of that city,
according to dispatches from Amster-
dam and Copenhagen. Unconfirmed
reports from Amsterdam indicate the
Germans are drawing heavily on their
forces in Flanders to reinforce Gen-
eral Von Hindenburg in the east.

Several trainloads of troops are re-
ported to have crossed Belgium east-
bound. Part of these only recently
reached the front, where it was ex-
pected they would be used in another
German attempt to reach the sea.
Military men here regard the Russian
advance on Konigsberg as a master
stroke. They are reported now as
within fifty-five miles of the city.

Last dispatches from Petrograd
said the invaders were making rapid
progress. Experts attach the greatest
significance to the fate of Konigsberg.
They hold that its capture would re-
sult in the early success of the Slav
movement against Thorn, eventually
forcing the retirement of the Germans
in the vicinity of Warsaw.

Berlin statements have thus far ig-
nored the Konigsberg movement.

LONDON, Jan. 30.—Three great
Russian armies are marching against
Konigsberg, the capital of East Prus-
sia. The third army, which has not
been mentioned heretofore in official
dispatches, is now twenty miles south
of Intersburg. The Russian war office
asserts the fall of Konigsberg is cer-
tain. This overshadowed all other
war news today.

Berlin wireless messages claim suc-
cesses in Argonne, with the annihi-
lation of an entire French regiment
and the capture of many prisoners. It
is asserted the British were defeated
near La Basse, the Germans extending
their lines. French reports say there
has been little change.

PARIS, Jan. 30.—On the official in-
vitation of the Belgian government,
William Phillip Sims, manager of the
Paris bureau of the United Press, left
today on a tour of the Belgian lines in
northern France. This will be Sims'
second visit to the fighting front bear-
ing official credentials of the allied
governments. Early in November he
was selected by the French govern-
ment to represent the United States
on the first authorized trip of corre-
spondents and military attaches of
neutral nations. Henry Wood, man-
ager of the United Press Rome bureau,
is officially accredited by the French
government to represent the United
Press in Paris during Sims' absence.

LONDON, Jan. 30.—A casualty list
issued last night shows that the Brit-
ish armored merchant vessel Viktor,
which was lost off the coast of Ireland
several days ago, carried a crew of
258, composed of naval reserve men
and boys belonging to the mercantile
marine, all of whom perished.

Among the crew were twenty-four
naval reserve men from Newfound-
land.

PARIS, Jan. 30.—Le Matin declares
it has received dispatches indicating
that the Russians have occupied Tabriz.

Tabriz, next to Teheran, is the most
important city in Persia. Its popula-
tion is 200,000. It is situated in North-
western Persia, between the Caspian
Sea and Turkish territory. Some time
ago it was occupied by invading
Turks.

MAY WHEAT MADE NEW HIGH RECORD TODAY

CHICAGO, Jan. 30.—May wheat
closed today at \$1.52, making a
new high record.

SURFACING IS COMMENDED BY COMMISSION

(CONTINUED FROM PAGE 1)
being more entitled to consideration than that of such worthy citizens as your committee, but will refer you to the opinion of one who is an expert on the subject and has made road-building a life study.

Mr. A. B. Fletcher, chief engineer of the California Highway Commission and presiding officer of the recent National Highway Convention held at Atlanta and who stands high in his profession, states that "the original cost of 1 1/2 or 2-inch asphalt surface is approximately 6 cents per square foot and that under ordinary conditions there will be but little cost for maintenance for the first five years, but after that period the surface will require attention from time to time in patching and applying seal coats and that when the road needs a new surface it will doubtless be found that the maintenance cost has been in excess of 2 1/2 cents per square yard per year."

If his judgment is good the maintenance cost of the asphalt surface over a period of years alone would be sufficient to pay the entire cost (1 cent the bituminous covering which we are using. But we do not believe, with the circumstances and conditions

LAXATIVE FOR OLD PEOPLE--'CASCARETS'

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

DISINCORPORATION IS THEIR PLAN

1050 Voters in Anaheim Storm Water District Ask to Abolish It

Anaheim Gazette: The Board of Trustees of the Anaheim Storm Water District met at their office in this city on Friday evening, January 22. There were present Trustees Pius, Nebelung and Pannier, and H. V. Weisel, who has tendered his services as secretary. Minutes of the last regular meeting were read and approved. At that time the regular time of meeting was fixed upon the first and third Thursdays of each month. By-laws governing the board were also adopted.

Petitions containing 1050 names of voters were presented to the trustees, praying that the Anaheim Storm Water District be disincorporated. The petition was received and filed. Action upon the same was deferred to a special meeting set for Tuesday evening, January 26.

The trustees met on Tuesday evening in pursuance to adjournment and further considered the petition calling for an election to vote on the proposition of disincorporation. The board adjourned to meet again on Monday evening, February 1, to further consider the petition. It is estimated that 90 per cent of the taxpayers in the district are in favor of disincorporation.

The great register shows a registration in the district of 1926 names. As the petitions contain 1050 names, the necessary majority required for calling the election has been obtained.

It is computed by petitioners that about 200 have changed residence outside of the district since the last great register was printed. In that event the petitions contain upwards of 250 names more than the necessary majority, prescribed by the new storm water district law, to call an election for disincorporation.

The assessed valuation of all property in the district, within the corporate limits of the city of Anaheim, is \$1,265,750.

The assessed valuation of property in the entire district is placed at \$1,710,960.

Seventy-five percent of the property in the district is contained within the limits of this city.

It is computed that in order to raise a sum of \$10,000 it would be equivalent to 55 cents on the \$100. It can be readily seen how taxes in the district would pile up in the event that any considerable amounts were incurred to improve the river bed.

Two polling places will be provided at the forthcoming election. It is expected that a large number of voters will be out, and is the intention of the trustees to afford all plenty of opportunity to cast their ballots.

It is claimed by opponents to the district that a determined effort will be made to disincorporate, and it is said that a heavy vote will be polled to that effect.

A map was on exhibition, showing the lines of the district as at present formed. Along its entire length, beginning at the west line of the river, then east of town and extended west, thence south and thence north again to the river bed, numerous jobs in the outer lines are shown where property has been excluded for some reason or another. The district is classed as being upon the "shoe-string" order, and, as argued by opponents of the district, as being entirely too small.

It is understood that the election board, which served at the trustee election, will receive its pay from the storm water district. Some of the members who served at that time have asked in regard to their compensation, and the trustees desire it stated that the money for their services will be forthcoming in due time.

WHOLE COUNTY WOULD BE TAXED TO SUPPORT HIGH SCHOOL SYSTEM

Orange County Would Receive the Largest Cut; Bill Has Been Put In

A reduction of the high school tax rate in two-thirds of the districts of the state will result if a bill introduced into the Senate by Senator Thompson is enacted. It requires counties to bear a considerable proportion of the cost of maintaining high schools.

In Los Angeles the district reductions would range from 37 cents on the \$100 to four cents.

Orange county would receive the largest cut where the rate would be lessened from \$1 to 23 cents on the \$100. In Berkeley, the reduction would be 13 cents, in Alameda five cents and Hayward 22 cents.

The bill has the endorsement of the State Board of Education.

DEATH CLAIMS J. W. BISHOP

Well-Known Santa Ana Merchant Passes Away Following Stroke

J. W. Bishop, for many years a prominent dry goods merchant of this city, died yesterday evening at his home, 1330 North Main street, following an apoplectic stroke. The end came suddenly. Mr. Bishop was working in the yard at his home yesterday morning at 11 o'clock. The stroke came shortly after that time. The end came at 6:45. Mr. Bishop never regaining consciousness.

John Wesley Bishop was born in Troopburg, Steuben county, New York, July 6, 1853. He is survived by a brother, Charles Bishop, a missionary in Tokio, Japan; a sister, Mrs. Agnes Holmes, St. Petersburg, Florida; by his widow and by his stepson, Will C. Ulrich.

Mr. Bishop married September 12, 1888, in Des Moines, Ia. He lived in Ellendale, North Dakota, till coming to Santa Ana just 19 years ago the first of February.

Mr. Bishop belonged to the Masonic order. He was very active in church work in this city.

He was the proprietor of one of the oldest dry goods stores in this city. About six months ago he sold a half interest in the business and the store has since been known as that of Spicer & Bishop.

Funeral services will be held at 2:30 o'clock Monday afternoon at the First Presbyterian church.

TO SALT CUCUMBERS IN HUGE TANKS AT GARDEN GROVE, PLAN

Los Angeles Firm Contracts for 300 Tons Gherkins This Season

Garden Grove is to have a new industry. On Saturday Manager Rosenmeyer of the Rosenmeyer-Hirsch Pickle Co. of Los Angeles, was here looking over a site for the salting tanks which are to be installed to handle the cucumber crop in connection with the Los Angeles factory. He was accompanied by F. C. Weeks, traveling freight agent of the Pacific Electric railway. The site chosen is next to the walnut packing house on the new spur track.

The Rosenmeyer-Hirsch people have contracted for about 300 tons of cucumbers this season. This is a good increase over the amount they handled last season. They will erect several 5000 gallon tanks to handle the crop at this end. As needed the salted cucumbers will be shipped to the factory.

Mr. Rosenmeyer is very optimistic over the outlook for this business. He believes the opening of the Panama canal will make it possible to build up a large, profitable eastern business. This will mean much to the Garden Grove growers, since this is one of the principal points where cucumbers are successfully produced.

The new salting station will be completed in time to handle the crop.

CHICAGO TO BOOST PRICE OF BREAD ONE CENT A LOAF

CHICAGO, Jan. 30.—The price of bread at the neighborhood bakeries will be raised from 5 to 6 cents and from 10 to 12 cents a loaf Monday morning. This action will follow the regular monthly meeting of the Master Bakers' Association of Chicago tonight.

The 2000 members of the association have agreed that the increase must be made because of the high price of flour.

The action of the smaller bakers is expected to be followed before the end of the week by the larger concerns. Adolph H. Piper of the H. Piper Company declared tonight his concern would be forced to raise prices. "It is only a question of time," he said, and his sentiment was echoed by Otto Schulze of the Schulze Baking Company.

ATLANTIC FLEET TO HAVE TARGET PRACTICE

WASHINGTON, Jan. 30.—The liberation of the Atlantic fleet from service at Panama for the projected expedition pageant will enable the ships to have very elaborate target practice and tactical maneuvers this spring.

"The fact that the assembly of ships at Panama has been canceled until further orders does not mean," said Secretary Daniels, "that we will not get legislation for the assembling at some future date."

Members of the Cabinet talked informally with the president about his overland trip to San Francisco. Secretary Bryan is especially interested in this trip, as the invitation to Panama included members of the diplomatic corps.

YOUTHS TO LEARN HOW TO PROSPECT FOR GOLD

GOLDEN, Colo., Jan. 30.—A school for the education of prospectors in primary lessons in geology, mineralogy and tests for minerals in the field and for the promotion of intelligent prospecting will be opened in February at the Colorado School of Mines here. Old mining men of the state believe the school will revive interest in prospecting and some express the hope that the instruction and stimulus imparted by the school may lead to the discovery of another Cripple Creek and another mining boom in this state.

The school is the first of the kind to be established in connection with an institution like the school of mines. In addition to the lectures, laboratory instruction will be given.

Well-Known Santa Ana Merchant Passes Away Following Stroke

J. W. Bishop, for many years a prominent dry goods merchant of this city, died yesterday evening at his home, 1330 North Main street, following an apoplectic stroke. The end came suddenly. Mr. Bishop was working in the yard at his home yesterday morning at 11 o'clock. The stroke came shortly after that time. The end came at 6:45. Mr. Bishop never regaining consciousness.

John Wesley Bishop was born in Troopburg, Steuben county, New York, July 6, 1853. He is survived by a brother, Charles Bishop, a missionary in Tokio, Japan; a sister, Mrs. Agnes Holmes, St. Petersburg, Florida; by his widow and by his stepson, Will C. Ulrich.

Mr. Bishop married September 12, 1888, in Des Moines, Ia. He lived in Ellendale, North Dakota, till coming to Santa Ana just 19 years ago the first of February.

Mr. Bishop belonged to the Masonic order. He was very active in church work in this city.

He was the proprietor of one of the oldest dry goods stores in this city. About six months ago he sold a half interest in the business and the store has since been known as that of Spicer & Bishop.

Funeral services will be held at 2:30 o'clock Monday afternoon at the First Presbyterian church.

TO SALT CUCUMBERS IN HUGE TANKS AT GARDEN GROVE, PLAN

Los Angeles Firm Contracts for 300 Tons Gherkins This Season

Garden Grove is to have a new industry. On Saturday Manager Rosenmeyer of the Rosenmeyer-Hirsch Pickle Co. of Los Angeles, was here looking over a site for the salting tanks which are to be installed to handle the cucumber crop in connection with the Los Angeles factory. He was accompanied by F. C. Weeks, traveling freight agent of the Pacific Electric railway. The site chosen is next to the walnut packing house on the new spur track.

The Rosenmeyer-Hirsch people have contracted for about 300 tons of cucumbers this season. This is a good increase over the amount they handled last season. They will erect several 5000 gallon tanks to handle the crop at this end. As needed the salted cucumbers will be shipped to the factory.

Mr. Rosenmeyer is very optimistic over the outlook for this business. He believes the opening of the Panama canal will make it possible to build up a large, profitable eastern business. This will mean much to the Garden Grove growers, since this is one of the principal points where cucumbers are successfully produced.

The new salting station will be completed in time to handle the crop.

CHICAGO TO BOOST PRICE OF BREAD ONE CENT A LOAF

CHICAGO, Jan. 30.—The price of bread at the neighborhood bakeries will be raised from 5 to 6 cents and from 10 to 12 cents a loaf Monday morning. This action will follow the regular monthly meeting of the Master Bakers' Association of Chicago tonight.

The 2000 members of the association have agreed that the increase must be made because of the high price of flour.

The action of the smaller bakers is expected to be followed before the end of the week by the larger concerns. Adolph H. Piper of the H. Piper Company declared tonight his concern would be forced to raise prices. "It is only a question of time," he said, and his sentiment was echoed by Otto Schulze of the Schulze Baking Company.

ATLANTIC FLEET TO HAVE TARGET PRACTICE

WASHINGTON, Jan. 30.—The liberation of the Atlantic fleet from service at Panama for the projected expedition pageant will enable the ships to have very elaborate target practice and tactical maneuvers this spring.

"The fact that the assembly of ships at Panama has been canceled until further orders does not mean," said Secretary Daniels, "that we will not get legislation for the assembling at some future date."

Members of the Cabinet talked informally with the president about his overland trip to San Francisco. Secretary Bryan is especially interested in this trip, as the invitation to Panama included members of the diplomatic corps.

YOUTHS TO LEARN HOW TO PROSPECT FOR GOLD

GOLDEN, Colo., Jan. 30.—A school for the education of prospectors in primary lessons in geology, mineralogy and tests for minerals in the field and for the promotion of intelligent prospecting will be opened in February at the Colorado School of Mines here. Old mining men of the state believe the school will revive interest in prospecting and some express the hope that the instruction and stimulus imparted by the school may lead to the discovery of another Cripple Creek and another mining boom in this state.

The school is the first of the kind to be established in connection with an institution like the school of mines. In addition to the lectures, laboratory instruction will be given.

DISINCORPORATION IS THEIR PLAN

1050 Voters in Anaheim Storm Water District Ask to Abolish It

Anaheim Gazette: The Board of Trustees of the Anaheim Storm Water District met at their office in this city on Friday evening, January 22. There were present Trustees Pius, Nebelung and Pannier, and H. V. Weisel, who has tendered his services as secretary. Minutes of the last regular meeting were read and approved. At that time the regular time of meeting was fixed upon the first and third Thursdays of each month. By-laws governing the board were also adopted.

Petitions containing 1050 names of voters were presented to the trustees, praying that the Anaheim Storm Water District be disincorporated. The petition was received and filed. Action upon the same was deferred to a special meeting set for Tuesday evening, January 26.

The trustees met on Tuesday evening in pursuance to adjournment and further considered the petition calling for an election to vote on the proposition of disincorporation. The board adjourned to meet again on Monday evening, February 1, to further consider the petition. It is estimated that 90 per cent of the taxpayers in the district are in favor of disincorporation.

The great register shows a registration in the district of 1926 names. As the petitions contain 1050 names, the necessary majority required for calling the election has been obtained.

It is computed by petitioners that about 200 have changed residence outside of the district since the last great register was printed. In that event the petitions contain upwards of 250 names more than the necessary majority, prescribed by the new storm water district law, to call an election for disincorporation.

The assessed valuation of all property in the district, within the corporate limits of the city of Anaheim, is \$1,265,750.

The assessed valuation of property in the entire district is placed at \$1,710,960.

Seventy-five percent of the property in the district is contained within the limits of this city.

It is computed that in order to raise a sum of \$10,000 it would be equivalent to 55 cents on the \$100. It can be readily seen how taxes in the district would pile up in the event that any considerable amounts were incurred to improve the river bed.

Two polling places will be provided at the forthcoming election. It is expected that a large number of voters will be out, and is the intention of the trustees to afford all plenty of opportunity to cast their ballots.

It is claimed by opponents to the district that a determined effort will be made to disincorporate, and it is said that a heavy vote will be polled to that effect.

A map was on exhibition, showing the lines of the district as at present formed. Along its entire length, beginning at the west line of the river, then east of town and extended west, thence south and thence north again to the river bed, numerous jobs in the outer lines are shown where property has been excluded for some reason or another. The district is classed as being upon the "shoe-string" order, and, as argued by opponents of the district, as being entirely too small.

It is understood that the election board, which served at the trustee election, will receive its pay from the storm water district. Some of the members who served at that time have asked in regard to their compensation, and the trustees desire it stated that the money for their services will be forthcoming in due time.

WHOLE COUNTY WOULD BE TAXED TO SUPPORT HIGH SCHOOL SYSTEM

Orange County Would Receive the Largest Cut; Bill Has Been Put In

A reduction of the high school tax rate in two-thirds of the districts of the state will result if a bill introduced into the Senate by Senator Thompson is enacted. It requires counties to bear a considerable proportion of the cost of maintaining high schools.

In Los Angeles the district reductions would range from 37 cents on the \$100 to four cents.

Orange county would receive the largest cut where the rate would be lessened from \$1 to 23 cents on the \$100. In Berkeley, the reduction would be 13 cents, in Alameda five cents and Hayward 22 cents.

The bill has the endorsement of the State Board of Education.

DEATH CLAIMS J. W. BISHOP

THE MEXICAN METHODIST MISSION AT SANTA ANA

THE MEXICAN METHODIST WORK GIVEN HIGH PRAISE

Perhaps no branch of Christian
work in Santa Ana needs the consid-
eration of church people more than that
of the Mexican mission conducted by
Rev. A. C. Gonzales, who seems to go
out into the by-ways and hedges and
compels them to come in.

It is said that the gospel means to
the poor, benighted people from the
war-ridden country of Mexico where
at best it is seldom heard by the
masses, can hardly be conjectured by
those unacquainted with Mexican hab-
its and life.

Of this work V. M. McCombs, field
secretary of Spanish and Portuguese
missions, writes: "There is a person-
age in this conference where we were
recently entertained by men and
angels. On tinted walls I noted first
an appropriately framed face of
Christ. Near by was St. Cecelia,
Pharaoh's horses, and a hand-painted
church in the valley.

"Its six charming rooms all show
original taste and care. While walk-
ing to the train I thanked God that
Dr. Inwood's people in Santa Ana had
done the thing right; for that person-
age is the Mexican paragonage. This
\$1200 paragonage so recently built and
so beautifully furnished by the people
of Santa Ana, has given welcome to
some two hundred or more Mexicans,
who beheld for once, and many of
them for the first time, a true Mexi-
can home. Santa Ana Methodists
have done the respectable and far-
sighted thing for their Mexicans and
their bed of violets will spread all
over this Spanish Southwest for the
uplift of these benighted brothers.

"The Mexicans of Santa Ana con-
tributed \$50 on the paragonage and
then proceeded to secure funds for
building a social hall, annex to their
one-room church building. This was
quickly done, and a \$400 social hall
was built which serves as Sunday
school, class room and a room for the
choir and for the live Epworth League.
Much credit is due Prof. D. K. Ham-
mond, an American teacher of Span-
ish, who has united with the Mexican
church, thus proving, after his recent
visit to Spain, his appreciation of the

work. The money given and raised by
the Santa Ana Mexican church is
\$581, or ten times that of last year. It
cost them \$40 to entertain the Mexi-
can Sunday school convention, of
which Bro. Gonzales is president and
which was a splendid success. Several
members joined at Anaheim, where it
was organized two months ago as a
church; and two other families have
united with other denominations in
towns where we have no Methodist
work. Still the Santa Ana member-
ship totals eighty-five, not counting
non-resident members. Total for be-
nevolences a year ago was \$9; this
year these brethren bring six times
that amount and nearly all causes are
remembered.

"This now important Mexican church
has had a banner year in every way,
and it has one of the best plants for
Mexican gospel work in the state.
Two outposts promise well for a good
work—Delhi and El Modena. We hope
to get halls or property in both com-
munities soon. The Friends Church
at El Modena has offered generous
support along with help from Orange.
When we secure a regular meeting
place.

"Brother Gonzales advertises his
work well, and he has impressed the
whole community. He came to a bit-
ter situation, with no membership. He
has gradually healed the bitterness,
winning over the leaders of the op-
posing Mexican contingent. This Mex-
ican church proposes this year to help
at least \$5 a month on the support of
their pastor beside their regular pay-
ments on piano, benevolences and cur-
rent expenses.

"At a watch night service on New
Year's eve the church was crowded to
its capacity and twenty-eight new
members were received."

The church and its pastor plead not
for charity, but for work, for the op-
portunity to earn an honest living. Of
the entire membership recently not
more than half a dozen representing
the entire membership had steady em-
ployment. Anyone needing some work
done, can call Rev. Gonzales and he
will see that the worker is provided.

WHERE TO WORSHIP

Bible Students
The Associated Bible Students of
the I. B. S. A. meet each Sunday in
the Armory parlor for scripture study.
Topic at 1:30 p. m., "How Israel's
Jubilee Shows Restitution." Acts
3:19-21. Attention will be called to
leading features of this typical Jew-
ish law. At 3 o'clock, "That For
Which the Church and World Wait."
Rom. 8:19-22. Why? All are invited
to these studies. They are free—with
no collections.

St. Peter's Lutheran Church
Corner of Van Ness and Sixth
streets. A. C. Kleinlein, pastor.
Sunday school at 9:45 a. m.; English
service at 10:30 a. m., subject, "The
Holy Ten Commandments."

First Methodist Church
Corner Sixth and Spurgeon. Edwin
J. Inwood, pastor.
Sunday school, 9:30 a. m.; morning
worship, 11 o'clock, sermon by Rev.
V. M. McCombs, superintendent of
Spanish work. Music—Response—
"Give Ear to My Words" (Schilling).

TO DARKEN HAIR • APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Thickness

Common garden sage brewed into a
heavy tea with sulphur and alcohol
added, will turn gray, streaked and
faded hair beautifully dark and lux-
uriant, remove every bit of dandruff,
stop scalp itching and falling hair.
Just a few applications will prove a
revelation if your hair is fading, gray
or dry, scraggly and thin. Mixing the
Sage Tea and Sulphur recipe at home,
though, is troublesome. An easier
way is to get the ready-to-use tonic,
costing about 50 cents a large bottle
at drug stores, known as "Wyeth's
Sage and Sulphur Compound," thus
avoiding a lot of fuss.

While wispy, gray, faded hair is not
sinful, we all desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wyeth's Sage and Sulphur, no one
can tell, because it does it so natu-
rally, so evenly. You just dampen a
sponge or soft brush with it and draw
this through your hair, taking one
small strand at a time; by morning
all gray hairs have disappeared, and,
after another application or two, your
hair becomes beautifully dark, glossy,
soft and luxuriant.—Advertisement.

Offertory anthem, "Let Your Light So
Shine" (Barnby). Epworth League,
5:45 p. m.; Intermediate League, 6 p.
m. Installation of new officers. Even-
ing worship, 7 p. m., sermon by the
pastor; theme, "The All-Healing
Touch." Hymn-anthem, "Callst Thou
Me O Master?" (Macy).

South Side Church
Corner of Patton and Richland.
Fred Trotter, pastor.
Sunday school, 2:30 p. m., preach-
ing service, 3:15 p. m. This church is
two blocks south of the Polytechnic
high school. Everybody in the south-
ern section of our city is specially in-
vited.

Unitarian Church
Corner Eighth and Bush Streets.
Rev. Francis Watry, minister.
Sunday school and Reading Circle
meet at 10 o'clock. Morning service
at 11. Sermon topic, "Science, Reli-
gion and Theology." No evening ser-
vice.

The Church of the Messiah
Rev. Rufus S. Chase, rector.
Septuagesima Sunday. Morning
prayer and sermon, 11 a. m.; evening
prayer and sermon, 7 o'clock; Wom-
an's Auxiliary, 2:30 p. m., Friday;
Round Table, Friday, 7:45. Dr. Waf-
le will speak on "The Birds."

First Baptist Church
Corner Main and Church streets.
Otto S. Russell, pastor.
Morning service, 11 o'clock; sermon
subject, "Whose Photograph is This?"
Evening service, 7 o'clock, address by
Rev. Mr. Lockett.

Reformed Presbyterian Church
The pastor, G. N. Greer, will preach
at both services. Subjects, "The Hun-
ger of the Soul," and "Christ's Fourth
Word From the Cross." The Rev. R.
W. Chestnut of New York will deliver
a lecture in this church, Monday, Feb-
ruary 1, at 7:30 p. m., subject, "Proph-
ecy, and the European War." All are
cordially invited.

Zion's Evangelical Church
Corner Tenth and Main streets.
Theo. Schauer, pastor.
Sunday school 9:30 a. m. Worship
and sermon 10:30 a. m. Y. P. A. 6:15
p. m. Sermon 7:15 p. m. German
English class.

streets. Edward J. Rudnick, pastor.
Sunday school 9:30 a. m. German
preaching 10:30 a. m. Subject, "Der
hohe Ernst des christlichen Lebens."
English preaching 7:30 p. m. Subject,
"Living Water." The Ladies Aid So-
ciety will meet next Wednesday after-
noon at the residence of Mrs. Louise
Lauterbach, 602 East Walnut street.

Pre-Opening Sale of Lots in Polytechnic Villa Subdivision

We have taken the exclusive selling agency of this subdivision, and for a limited time can offer a small number of lots in this restricted district at a great discount, upon easy payments with low rate of interest. The sewers, water and gas are already in, and these lots will be sold with a guarantee from owners that streets will be graveled and oiled, that all sidewalks and curbing will be built, that parking will be completed and that trees will be planted.

While Improvements are being completed

20% discount from list prices will be given to the first ten persons buying lots!

For the purpose of securing the erection of a few houses:

40% discount from list prices will be given to the first five persons buying lots on which houses are erected within ninety days from date of purchase.

All lots in this entire subdivision will be sold under restrictions, which means that the POLYTECHNIC VIL-
LA SUBDIVISION will soon become one of the best residential districts of Santa Ana, and under this very lib-
eral proposition anyone desiring a home can secure it with a cash payment of only 60 per cent of value of lot and
a monthly payment very little, if any, more than rent.

To persons desiring to make a quick profit on a small investment, this is their chance if they come in time.
We will be pleased to show these lots with auto and explain terms of payment at any time.
If purchaser pays for lot and has not the money to build a house we will loan the funds necessary on easy
monthly payments.

Holmes Loan & Realty Co.

501 North Main St., Santa Ana.

The T. L. Y. P. Society will hold a
business meeting at the church next
Friday evening.

First Presbyterian

Rev. Robert F. Coyle, D. D., will
preach at both services. Topics:
"God's Word to Us," and "The Three
Mighties—I Ought, I Can, I Will."
Dr. Coyle is a preacher with a nation-
al reputation—an ex-moderator of the
General Assembly. The public is cor-
dially invited to hear him. S. S. and
C. E. at the usual hours.

First Congregational

Corner of Main and Seventh. Perry
Frederick Schrock, minister.
Bible school at 9:45 a. m.; Christian
Endeavor at 6 p. m.; public worship
with sermon at 11 a. m. and 7 p. m.
A brief sermon will be given, in con-
nection with the morning service, for
children. Sermon topics: morning,
"Suffering and the Will of God;" eve-
ning, "Awake and Nervous the Whole
Night."

Church of the Nazarene

Corner of Fifth and Patton streets.
Edward M. Hutchins, pastor.
Rev. Arnold Hodgkin Dean of the
Nazarene University of Pasadena, who
also is one of the leading teachers and
preachers in the Church of the Naza-
rene, will preach. The Ladies' Quar-
ter of the Nazarene University will
sing. Services, 11 a. m., 2:30 and 7
p. m. We gladly welcome all. Come,
bring your lunch and stay all day.

**Reorganized Church of Jesus Christ
of Latter Day Saints**
Corner of Fifth and Flower streets.
Sunday school, 9:45 a. m.; preach-
ing, 11 a. m. and 7:30 p. m.; Young
People's meeting at 6:15 p. m.

United Brethren Church

Corner Shelton and West Third
streets. N. J. Crawford, pastor.
Sunday school, 9:45 a. m.; Christian

Endeavor, 6 p. m. Rev. G. W. Glover,
evangelist, will preach at 11 a. m. and
7 p. m. He will give a Bible reading
at 3 p. m., subject, "The Unpardonable
Sin. What Is It?" The revival meet-
ings will continue every night during
the week except Saturday, commenc-
ing at 8:30. The evangelist will do
the preaching and conduct a Bible
reading, Tuesday, Wednesday, Thurs-
day and Friday at 9:45 a. m. It may
be truthfully said of Rev. Glover that
he is a preacher of righteousness who
stays very close to the word of God.
Some have professed faith in Christ.
We invite the public to come and hear
the word of the Lord.

First Christian Church

Regular services for the day. Sub-
ject for morning sermon, "Traditions."
In the evening Rev. Holly of Hastings,
Neb., will deliver a lecture on the
"Life of Christ," using moving pic-
tures. He will lecture on Monday and
Tuesday evenings, at which a silver
offering will be taken.

**Spurgeon Memorial M. E. Church,
South**
Corner of Church street and Broad-
way. Rev. D. Scarborough, pastor.
Sunday school, 9:45 a. m.; preach-
ing at 11 a. m. and 7 p. m. by the pas-
tor; Epworth League services at 6
p. m.

Free Methodist Church

Corner Fruit and Minter streets.
Burton Y. Neal, pastor.
Sunday school, 9:45; preaching at
11 o'clock. Subject, "The Symbolism
of the Temple." Class meeting after
preaching; evening service at 7 o'clock
with song and praise service; preach-
ing at 7:45. Subject, "Three Times in
a Nation's History." All are invited.

United Presbyterian Church

Rev. J. G. Kennedy, D. D., pastor.
Sabbath school, 9:45 a. m.; preach-
ing at 11 a. m. and 7 p. m.; C. E. so-
cieties meet at 6 p. m. Mr. Gandier
of the Anti-Saloon League will speak
tomorrow at 11 a. m. In the evening
the pastor will preach. Subject, "Se-
vere Scourging for Sinful Samsons."
Morning Music—Prelude, "Proces-
sional" (Dubois); offertory, "Prelude"
(Chopin); anthem, "O Lord, Our Gov-
ernor" (Galdys); Postlude, "March"
(Clark).
Evening Music—Prelude, "Canta-
bile" (Lemaigre); offertory, "Offe-
rtory" (Salome); anthem, "Teach Me
Thy Way" (Moir).

Immanuel Baptist Church

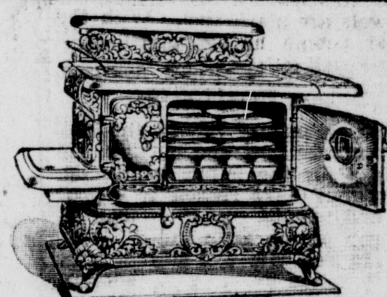

Corner Sixth and French streets.
W. T. Dixon, pastor.
Bible school at 9:45; preaching at
11 o'clock. Subject for the morning,
"The Coming of the Lord Draweth
Nigh." The evening service will be in
charge of Colonel Hewes and a band
of workers from Los Angeles, repre-
senting the "Volunteers of America."
Come and hear them play, sing, pray
and preach. Young People's meeting
at 6 p. m., and the Thursday evening
prayer meeting at 7:30.

HOW TO CURE A LA GRIPPE

COUGH
"Coughs that hang on" demand
treatment. Stop and think! Reason
and common sense tell you that it is
folly to "grin and bear it." Those rack-
ing la grippe coughs that wrench the
body and cause soreness and pains in
the lungs yield more quickly to
Foley's Honey and Tar than to any
other treatment. Forty years' record
of successes proves this. For coughs,
colds, croup and other distressing ail-
ments of throat, chest, lungs, larynx
and bronchial tubes, you can find
nothing that will compare with this
reliable remedy.—Advertisement.

and tell them that CALIFORNIA'S TWO
GREAT 1915 EXPOSITIONS at San Fran-
cisco and San Diego will open on schedule time.

There will be NO POSTPONEMENT on account
of the European war or for any other reason.
Ask each of them to mail a postal to Some One
Else, and the Mail Man will spread the news.

OPENING DATES AND DURATION OF EXPOSITIONS:

Panama-Pacific International Exposition of San Francisco
February 20 to December 4, 1915

Panama-California Exposition at San Diego
January 1 to December 31, 1915

Here are some convincing facts concerning the great Exposition
at San Francisco: Not one of the 42 exhibiting foreign nations has
withdrawn, while three of them have increased their participation.
Seven nations involved in war and five neutral European nations have
have their own buildings. Exhibits from eleven foreign countries have
already arrived. Forty-three of our states and one city are making in-
dividual exhibits. Finally, these exhibitors are spending more money
than previously expended in any two other expositions.

HEALTH BOARDS AND THE TAXPAYER

Without meaning to intimate that Santa Ana is not progressive in its civic functions, or that it is niggardly in public expenditures, it must be admitted that funds for use of the city's health officials have at times been difficult to obtain.

Santa Ana is no exception in this respect. Appropriations for health purposes in many communities have in the past been granted reluctantly, and in many instances in insufficient amounts for effective work. It has been difficult to convince the taxpayer and the public official that there would be an adequate return for money expended. Health to them has seemed an individual matter, and health boards have been compelled to beg for every dollar. An improvement, however, is taking place, and the amount per capita of health appropriations is increasing. A more intelligent understanding of the objects of public health expenditures and of the returns to be had is developing. In some instances, the taxpayer is now on the other side of the proposition. He demands of the health board, having approved liberal appropriations, that it prevent epidemics which endanger the health and lives of himself, his family and his friends. Spartanburg, S. C., has been for several years a center for the study of pellagra by a scientific commission. This has no doubt promoted the study of health matters in general in that community, with the result that the local health service has been well supported, while the people have come to recognize the possibilities of disease prevention. With the idea in mind of the seasonal recurrence of certain infectious diseases, the Spartanburg Herald says:

For the amount of money the citizens of Spartanburg are putting up these days for the public health department they have reason to expect service and results. . . . Just at this season of the year and a little later on, in February and March, most cities are visited by scattering cases of diphtheria and epidemics of measles and whooping-cough usually spread until they have exhausted the supply of youngsters who have come on since the last year's epidemic, while diphtheria, because of its more violent character, is usually held in check. But the question in our mind is whether these things have to be. In modern days is there no way to prevent so much suffering and sickness on the part of the little children of a city? The Spartanburg health authorities could in no way carry their services nearer the homes of the people than by making a study of this question and taking every precaution possible to hold these things in check this year.

It goes without saying that the health board of Spartanburg will do its utmost, but this change of attitude of the taxpayer toward disease prevention is interesting and hopeful. It also emphasizes the obligation on the part of health departments to make good.

THE WHITE HOUSE BABY
The little offshoot of the Wilson family, born in the White House, the son of Mr. and Mrs. F. B. Sayre, is theoretically only an ordinary sproutling of our American democracy. Under our ideas of equality, he must take his buffeting with the rest of his generation.

Practically, the luster of distinguished origin always attaches to the stripling. In school he will be pointed out as a president's grandson. Sometimes such children, if of a self-conscious nature, find this prominence embarrassing. Envious companions may torment the life out of their favored comrades, by continually twitting them on their distinguished ancestry.

More commonly parents drill their youngsters to flatter and fawn upon the offspring of prominent personages. The latter find themselves surrounded by artificial conditions. Everything comes too easy. Social honors are forced on them, they are favored in athletic and even school scholastic awards.

When the scion of a famous family enters business, their name alone is worth a substantial salary. Having the best education that these schools can give, and with all the real advantages of a fine inheritance, they must be weak indeed if they cannot maintain a good position in life.

These soft and favoring conditions do not develop the most rugged characters. The majority of men holding conspicuous position had humble birth.

But more and more the people in high life realize that their children, if they are to amount to anything, must be left as much as possible to force their own way. No doubt this will be the attitude of the Wilson family. If

Foundation Stones for Agricultural Success

[NOTE—"What are the fundamental principles of successful agriculture?" This is one of a series of articles answering that question. In these brief summaries different experts of the faculty of the College of Agriculture of the University of California have set forth succinctly the basic principles of their various specialties.]

4—DESIGN IN LANDSCAPE GARDENING

By John W. Gregg, Professor of Landscape Gardening and Floriculture in the University of California.

Simplicity is the prime element in pure beauty and in landscape design is the opposite of extravagance.

Intricacy is the soul of landscape and is the opposite of blankness.

Convenience produces a feeling of satisfaction by making every interesting feature comfortably accessible.

Compactness economizes space and labor, creates the appearance of order, and renders each feature a part of the combined whole.

Seclusion produces a feeling of ownership and privacy, and is in accord with good taste.

Snugginess involves shelter, protection, warmth, shade, and a play of sun and shadow.

Unity adapts in a pleasing way the several parts of a design to the whole.

Blending artistically distributes

a fellow from such an origin can go through life and maintain a modest and democratic demeanor, he shows there is good stuff in him that would have won its way if he had to climb unaided.

It Really Does Relieve Rheumatism

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand.

The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it in. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any drugist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and all ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle today.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

plants and groups and other features of a design so as to do away with an extreme continuity of lines.

Gradation permits a gentle transition of parts into others without conspicuous breaks or marked interference with harmony.

Richness produces a feeling and appearance of refinement by tasteful selection of all elements of design.

Variety adds refined spice, freshness, and power to a design.

Contrast seeks to distinguish the more important episodes and detached accessories without destroying harmony.

Finish demands good plant forms, clearness, and completeness.

Order produces a regularity and presents the appearance of substantialness, and denotes the production of a master mind.

FINANCIER SAYS BUSINESS CRISIS HAS NOW PASSED

PASADENA, Jan. 30.—George M. Reynolds, president of the Continental and Commercial National Bank of Chicago, arrived in Pasadena yesterday on his regular winter visit. He is at the Huntington and is accompanied by Mrs. Reynolds.

"Business conditions in the East are gradually improving," he said. "The situation is better now than immediately after the war in Europe broke out, and I think the crisis in business affairs has passed."

"The financial condition of the whole country improves very slowly, but it is surely getting better right along."

"The federal reserve banking system is working out very nicely and is a fine thing for the country."

FACTS ABOUT CALIFORNIA

(From Los Angeles Financial News.)

An unusual circumstance in cotton growing in the Imperial Valley is reported by the Calexico National Bank, which has a photograph of two bales of cotton which were grown by one of its customers during the last season. The first bale was ginned on June 17, 1914, and is the earliest bale on record. From it the seed was planted and the second bale grown, which was ginned on October 15, 1914. So far as known this has never been accomplished before. Ivey Brothers, who grew these bales, are considering sending them to one of the expositions this year.

Dried fruit tonnage of California for the year 1914 was, according to the California Fruit News, much heavier than in 1913. Here are the comparative figures:

	1913	1914
Apples	1,900 tons	4,000 tons
Apricots	10,500 tons	19,500 tons
Figs	5,000 tons	6,200 tons
Peaches	23,000 tons	32,000 tons
Prunes	48,000 tons	51,000 tons
Raisins	65,000 tons	90,000 tons
Others	2,000 tons	2,500 tons

A proposition to exempt improvements in the Turlock Irrigation district from taxation will be passed upon by the taxpayers of that section at a special election, Friday, February 19. The entire assessment on all property in the district amounts to \$10,158,245, the amount assessed against the improvements is only \$706,160. If improvements are exempted, the rate on the land will be \$3.90 in order to produce the same amount of revenue now raised by a rate of \$3.65 on both land and improvements.

California state hospitals and institutions of correction contained 14,319 inmates January 1, 1915, according to the monthly census of the state board of charities and corrections just issued. This is an increase of 943 persons over the number on January 1, 1914. The report shows that there are only twenty-five women prisoners in California state prisons. San Quentin and Folsom state prisons contained 3441 inmates. Paroles had been granted to 1054.

Sutter and Yuba County fruit growers have had splendid success in the growing of figs. There are several hundred acres in the two counties planted to figs. The Adriatic fig has been found to produce on an average of four tons to the acre each season, and the price varies from \$50 to \$60 a ton. The Calimyrna fig promises still greater results, this variety having been set out only recently.

Report on the Iron Canyon Reclamation project by the United States Reclamation Service gives the cost as a whole complete for irrigation on the West Side of the Sacramento river of 225,000 acres, not including an equal acreage on the East side, at from \$12,000,000 to \$18,000,000. It is estimated that 70,000 horse power could be generated at the dam.

Egyptian corn is proving an unusually profitable crop in the grain districts of Kings County. By growing a crop of grain first and harvesting it as hay, and immediately putting in Egyptian corn two crops can be obtained in nine months. The Egyptian corn will net about \$45 per acre.

The price of garlic in Fresno has advanced from 20 to 30 cents per pound.

Monterey County beet growers received \$1,194,950 for their 1914 crop. The farmer holding the record for the largest amount of saccharine in his beets was W. H. Emery and he received \$6.75 a ton for them. The honors for the greatest tonnage per acre were carried off by M. F. Martin, who raised twenty-two tons per acre.

The Halfhill Tuna Packing Company has been organized at Long Beach and a cannery factory is to be erected at a cost of \$50,000 in the next two months, equipped with the latest machinery, to be installed and ready for packing when the spring run of tuna begins. The company is capitalized at \$100,000.

Oliver picking at the co-operative cannery of the Tulare County Growers' Association will be con-

tinued until the end of this month, according to the association officials, when it is estimated that upward of 200 tons of berries will have gone into the pack of the company for the first year.

Thousands of dollars will be reaped by the farmers of the San Joaquin valley this year as the acreage in grain is from 10 to 20 per cent larger than that of last year and there is every indication of the largest crop on record in store for the grain growers of that section of the state.

To furnish water for irrigating orange groves in the Arlington Heights district, Riverside County, the Mockingbird Canal dam has been constructed. The dam has been built by the Gage Construction Company, cost \$100,000, will form a lake one mile in length which will store 2280 acre feet of water.

According to the recent census bulletin, San Mateo county has 6384 children between the ages of 6 and 20 years. Of this number 4261, or 66.7 per cent of them, attend school. Between the ages of 6 and 14, nearly 90 per cent are enrolled in the schools.

There has been of late a very strong Australian demand in Monterey County for Chevalier barley raised in the Blanco section. This grain is used in the antipodes to make pearl barley. The price of \$1.75 per 100 pounds is being paid.

The Long Beach Tuna Packing Company, headed by Bismark Houssels, a capitalist from Texas, has just obtained a lease to three acres from John F. Craig on which a plant costing approximately \$25,000 will at once be erected.

Figures compiled by the Porterville Chamber of Commerce for 1914 show that that place took the leading place in California as a beef shipping point. Shipments of beef steers from there during the year were valued at \$350,000.

The Levitt Orange Juice Company at Riverside which will extract and bottle pure orange juice, will put up 2000 pint bottles every day. Two machines will be used in the first unit of the big plant which will open shortly.

Los Angeles consumers 500,000 pounds of Irish potatoes every day that is 15 car loads of 32,000 pounds to the car. The potato crop of the State last year was ten million bushels valued at \$9,000,000.

An irrigation district known as the Lindsay-Yokohl district is proposed in Tulare County. It is proposed to impound the waters of Kaweah by a system of storage reservoirs and irrigate 20,000 acres.

Citrus fruit shipments from the San Joaquin valley this year will reach 4800 cars, the largest in the history of the industry and the total receipts for the crop will aggregate \$5,000,000.

The state railroad commission has established an 80-cent gas rate for Maricopa consumers. The West Side Gas company is the supplying medium, natural gas being burned.

The famous Calistoga Hot Springs near the Petrified forest in Napa County, owned by the Stanford estate has been sold to a syndicate of San Francisco physicians.

The Pacific Porcelain Works, which shut down during the holidays, have resumed operations with a full crew of 100 men. The plant has been entirely overhauled.

Fifteen cheese factories in Sutter County in 1914 produced cheese which in value amounted to \$250,000. "Genuine Swiss Cheese" is made in several of the factories.

Between the young orange trees on a twenty acre ranch in Valencia Heights, near Covina, E. H. Sterling, owner of the property has just finished planting 500,000 cabbage plants.

Three hundred and twenty-five car loads of navel oranges is the estimate for the season shipments by the Whittier Citrus Association and the Rivera Association.

Ranchers in the vicinity of Hesperia in San Bernardino County have organized to run down a mammoth cinnamon bear which is jeopardizing their live stock.

W.A. HUFF

SPAIN'S OLIVE OIL TRADE BADLY CRIPPLED

WASHINGTON, Jan. 30.—Consul Wilbur T. Gracey of Seville reports a crisis in the olive oil trade of Spain, due to heavy rains stopping commerce on the Guadalquivir river and closing the port of Seville, and to the European war.

Everything points to there being a great quantity of this season's oil on hand when next year's crop is due. This season's crop of olives, grown for consumption, is declared to be unsatisfactory.

FORDHAM HOLDS GAMES

NEW YORK, Jan. 30.—Fordham University was to hold its annual indoor games at the armory of the Twenty-second Regiment this afternoon, with a special relay race at a mile between the New York A. C. Irish-American A. C. and Boston A. A., as the feature event. The games are the most pretentious yet undertaken by the Fordham boys.

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.—Advertisement.

FIFTH AND BROADWAY LOTS CHANGE HANDS

An agreement of sale of property at the corner of Fifth and Broadway, at present occupied by a blacksmith shop and horse and mule market, is in escrow. The records are being examined and when the certificate of title is made out O. L. Halsell will acquire the lots, 100x125 feet, from Mrs. Minnie Yost, who has owned the property for nearly forty years.

It is Halsell's intention to immediately move the buildings at present on the lots. His present plans call for the erection of a brick building in the near future. The building will be one story in height, according to Halsell.

A 50x125-foot lot on Fifth street in the rear of the Santa Ana Steam laundry and a 20-foot lot on West Fourth formerly occupied by the Lovelady barber shop were also recently bought by Halsell. The property involved in the three deals is valued at about \$25,000, Halsell states.

EXPERT WILL STUDY DISEASES OF WALNUTS

RIVERSIDE, Jan. 30.—Dr. Leon D. Batchelor, of the University of Utah, who has held the position of assistant professor of plant breeding, has accepted a call to take a position with the graduate school of tropical agriculture, soon to be established in this city by the University of California. In coming to the local station and Southern California he will take charge of the study of walnut problems. This will necessitate investigations covering all parts of Southern California, with his headquarters in Riverside.

PAY DIRT DISCOVERED

NEAR BLOOMINGTON, ILL. CHICAGO, Jan. 30.—Gold is reported to have been discovered in Illinois. Pay dirt, the prospectors say, has been found on the old Algoe farm in Owego township, Livingston county, not far from Bloomington, and has been assayed in Chicago as worth \$21 a ton. According to advices from the "gold patch" the farm had become an exceedingly popular place.

The gold diggers fear that an army of unemployed and adventurers will pour down upon Joe Algoe's farm and surrounding territory like an avalanche. They see them coming in coaches, flatcars, freighters, "bummers," say correspondents of Chicago newspapers.

HOLLAND SHIPS GARDENS

SAN FRANCISCO, Jan. 30.—Ten carloads of rhododendrons, clipped confers and bulbs for the Panama-Pacific International Exposition have just arrived here from Holland. This is the third large shipment from the Netherlands, and will complete the beautiful Holland gardens. It includes cone-bearing trees of more than a dozen species, 700 rhododendrons of different varieties and many rare sorts of magnolias, holly, acubus and smaller shrubs. Many of the confers have been clipped and trained into fantastic shapes, such as monuments, globes, corkscrews, birds and pagodas.

OVER HALF MILLION FOR OREGON METHODISTS

PORTLAND, Ore., Jan. 30.—Through the instrumentality of Bishop R. J. Cooke, the Methodist Episcopal Church in Oregon, Methodism is to be the beneficiary of an estate that will total somewhere in the neighborhood of \$500,000.

Although the name of the legatee is withheld, it is announced that he is an Oregonian of means who is anxious that his personal fortune shall go toward the upbuilding of the Methodist church and its institutions in Oregon. The will as recently drawn up provides for a bequest of \$10,000 for the Methodist Episcopal Old People's Home in Salem; \$20,000 for the retired ministers' fund of the Oregon conference; \$25,000 for the construction of a girl's dormitory at Willamette University, Salem, and the balance for the construction, endowment and maintenance of a boys' industrial home to be located between Salem and Portland.

MISS COPE RELEASED ON OWN RECOGNIZANCE

CHICAGO, Jan. 30.—Yesterday Miss Jessie Elizabeth Cope, formerly of Los Angeles, was arraigned before Federal Judge Carpenter for trial on two indictments, charging her with attempting to bribe government officials by promising them half of any amount up to \$50,000 they could get out of the Colonel by threatening white slave proceedings against him for his alleged relations with her.

But as Colonel Alexander has not appeared the trial could not proceed, and Assistant District Attorney Joseph Fleming requested that the case be continued indefinitely. Judge Carpenter released Miss Cope on her own recognizance.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons 2 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

CONNECTICUT MAN WEDS CHARLEY GATES' WIDOW

MINNEAPOLIS, Minn., Jan. 30.—The Mrs. Charles C. Gates, widow of the son of "Bet a Million" John W. Gates, will become the bride of Harold Lee Judd of New Britain, Conn., today. The marriage will be solemnized at the home of Mrs. Gates here.

The wedding is the culmination of a romance which began at Palm Beach, where Mrs. Gates was visiting shortly after the death of her husband. The engagement had been rumored for several months, but was not publicly announced until early in January.

Mr. Judd is the grandson of the late Mrs. Josephine M. Judd, who left him a million dollars. He is a cousin of Senator George M. Landis.

Mrs. Gates' estate is reported to be worth \$7,000,000. She is 27 years old and Mr. Judd is 28.

Philip Corbin, who recently inherited an estate of \$1,000,000 from his grandfather, the late Philip Corbin, will be best man at the wedding.

The couple will live in Minneapolis.

HOUSE ASKED TO PROBE GRAIN PRICE INCREASE

WASHINGTON, Jan. 30.—Investigation of the recent fluctuation in the prices of commodities, on the ground that speculators are responsible for the advancing prices of wheat and flour, was asked yesterday in a resolution offered in the House of Representatives by Representative Manna-

TO AUCTION BASEBALL

NEW YORK, Jan. 30.—Brooklyn Elks will bid high tonight for possession of the first ball that was put into play in the opening game of the world's series between Boston and Philadelphia. The ball will be sold at the opening of the new clubhouse of lodge No. 22, to which President John K. Tener of the National League, himself an Elk, has given the historic ball.

SPLENDID ENTERTAINMENT

Whistling Concert Pleases Enthusiastic Audience at Elks' Hall

In spite of the disagreeable rainy weather of yesterday, a good sized crowd attended the whistling concert given under the auspices of the Spurgeon Parent-Teacher Association, at Elks' hall.

Miss Naomi Lilley, principal of Spurgeon school, in her ever-pleasing manner, introduced the talented musicians and the little reader, who were to join in giving the audience such a splendid entertainment.

Margaret McKee, truly called the "Queen of Whistlers" had before last evening charmed an audience in Santa Ana and all who have ever heard her are enthusiastic over her unusual and wonderful talent.

Her rendition of "The Hazy City" brought a storm of applause, but perhaps "The Mocking Bird," with its thrilling birdlike tones with which she varied the variations, pleased the audience most highly.

The readings by Charming Little Leash McKee were also delightful. "The Canary at the Farm," with its note interpolations by her sister, trying all in imagination to the entry where they listened, with fidelity to the exquisite calls of the island songsters.

Miss Catherine Lennox gave several musical numbers that merited hearty applause that followed each selection and those who were the guests of bringing this rare musical talent to Santa Ana, deserve a vote of thanks from the music-lovers who were delighted with last night's entertainment.

A Turkey Dinner was given at the home of Miss M. J. Huston on "Finger street, for a sumptuous turkey dinner.

After full justice had been accorded the ill-fated bird and the many other appetizing accessories, the congenial company repaired to the parlor to enjoy an "old-fashioned visit," until late in the afternoon.

The fortunate guests of Miss Huston were Mr. and Mrs. Frank Brooks of Tustin, Mrs. Blackburn and Mrs. Burns of Los Angeles, Mr. and Mrs. J. H. Wheeler, Miss M. J. Askin, aunt of the hostess, and Messrs. Jay Brooks and David Pickas.

Honor Revolutionary Hero
Dr. W. R. Peck of Los Angeles will lecture before the First Spiritualist Society of Santa Ana on Sunday afternoon at 2:30 o'clock in K. of P. hall in honor of the birthday of Thomas Paine. The subject of the lecture will be "Thomas Paine, Author, Hero of the Revolution." All welcome.

PLEASANT AFFAIR

Orange Lady Complimented at Delightful Luncheon Yesterday Afternoon

Complimenting Mrs. F. W. Bullock of Orange, Mrs. J. G. Quick entertained yesterday with a delightful luncheon at her cozy French street apartments. A low bowl of fragrant violets formed the centerpiece at the prettily appointed table, where hand-painted cards, on which these lovely flowers were reproduced, marked the places of twelve.

After the delicious four-course luncheon had been enjoyed, the ladies spent an informal afternoon together over their needlework.

Those present besides the hostess and guest of honor were Mrs. Ferring, a sister, who is visiting Mrs. Bullock, and Mesdames F. W. Weissman, Chas. F. Heil, E. J. Inwood, W. B. Snow, W. L. Miller, W. D. Baker, J. M. Raugh, C. W. Burns and C. V. Moorehouse.

IN DAYS OF '46 Wedding Dress Worn Sixty-nine Years Ago is Exhibited With Other Old-Time Relics

Those who are interested in the things of other days and appreciate the fine work that our "fore-mothers" put into them, should not fail to see the exhibition being given in the window of the Persian Dye Works.

Last week an old quilt was shown, of extra large size, and composed entirely of six-sided pieces, each a little over one inch across; these pieces were all joined by hand, of course, with the finest of stitches, and each little piece quilted around. How many days work by patient loving fingers went into the making of this one article, and what a contrast it presents to the mad rush of our lives today.

This week the window shows a dress worn by a bride of 1846. It is of finest "book-muslin" and the full straight skirt has three wide bands of embroidery worked right on the goods itself, all the way around. The graceful pointed waist and tiny little short sleeves, are very quaint and charming. The neck and sleeves are trimmed with real thread lace.

Next week another dress from the trousseau of this same bride will be shown, together with lace of earlier date, and later on other interesting articles, saved from the days of our grandmothers.

An old fashioned braided rug in circle shape and two pistols used in the civil war, bearing the date of 1845, are other interesting features of this unusual display.

Last Number of Y.M.C.A. Course
The Harmony Concert Party which will appear at the Grand Opera House on Tuesday, February 2, as the last number of the Y. M. C. A. entertainment course will give what will in all probability be the best entertainment of the kind ever given in Santa Ana. The company is made up of four versatile musicians, every member being an expert on all that he or she attempts to play.

Mr. McNemry plays the mandolin, banjo, saxophone and xylophone. In addition to his ensemble work, his solos are extremely popular. Too much can scarcely be said as to Mrs. McNemry's work upon the piano. It is often referred to as marvelous. She also plays the xylophone and mandolin. Alois Bohumil Hrabak, who plays the flute, banjo, violin and xylophone, is a musician of such skill that he has appeared for four seasons with the festival orchestra of the Pittsburgh Symphony Orchestra. He Calvin Jordan studied piano and harmony with De Rosin and Gemet. He began playing the harp at an early age. He plays not only the harp and piano, but the mandocello and the banjo. The concert will be well worth the price of admission, which is 50 cents.

EXCELLENT ORCHESTRA

First M. E. Church May Well Be Proud of Its Sunday School Musical Talent

The Young People's orchestra of the First Methodist church is one of the distinctive musical organizations of this city that is rapidly developing and winning recognition as an established musical institution.

As a church orchestra it is distinctly in a class by itself, as the history of its development shows.

In July, 1912, at the request of W. P. Coffman, the Sunday School Superintendent, Prof. Francis Haynes undertook the training of a Sunday School orchestra, and three violins and two cornets responded to the first call for players.

After much solicitation and waste of time it became evident that players of the other necessary instruments could not be found and the offer of free instruction to such as would take up the study of the instruments needed, and play in the orchestra when sufficiently advanced, was made.

By this means a piccolo, two flutes, two clarinets, two cornets, two horns, two trombones and a double bass have been added to the instrumentation which at present includes about eighteen violins, one cello, double bass, piccolo, flute, three clarinets, two cornets, one horn, three trombones and piano. In addition to these several more violins, a viola, a cello, and a flute are doing preparatory work and will soon be ready to attend rehearsals, leaving only a horn and drums (with possibly oboe and bassoon at some future time) yet to be secured to complete the instrumentation.

There are at present something over thirty members, of whom about twenty-five have received their entire training on their respective instruments from the leader. The youngest member joined before she was eight years old, and the oldest declined to tell his age. The membership is about evenly divided between young ladies and young men.

The music used so far has been of a light character, but has been arranged progressively, working gradually, step by step, toward the better and more complete orchestral effects, with the standard classics as the ultimate goal.

One who has listened to these young players during the past months cannot fail to note the awakening and expanding of the true artistic instinct in the interpretation and phrasing of bits of solos for strings, or wind instruments in the interest and enthusiasm displayed, whether in rehearsals or public performance, and in the broadening musicianship of each individual.

So the work done, though primarily for the church is essentially educational, and is operating in the development of an organization that bids fair to be a credit, not only to its members and the church to which it belongs, but to our city as well.

The members of the orchestra include the following:

Violins, Mrs. Ruth Franke; Misses Muriel Lee, Esther Van Hining, Ramona Clevenger, Glennagene Hill, Alice Biel, Violet Post, Marjorie Blauer, Mary Geyer, Marys, Keith Davis, Kenneth Horton, Hillard Tyrell, Edward Burns, Cecil Birtcher, Howard Barrows, Donald Jayne, Fred Robertson, Allen Maynard, cello, Stanley Tummond; double bass, Lillian Confer; piccolo, George Baker; flute, Lucille Todd; Clarinets, Orin Robertson, Robert Crissman, R. H. McArthur; cornet, Wesley Jayne, Mary Crosier; horn, Maxwell Jayne; trombones, Laurence Neeley, Ed Warner, Holley Lash; piano, Mrs. J. F. Haynes.

Travellers' Meeting Postponed
On account of the death of J. W. Bishop, the meeting of Travel Section, No. 1, which was to have been held Monday, with Mrs. L. L. Shaw, has been postponed until February 15.

Neighborhood Club
In spite of the inclement weather, a large number of ladies attended the Neighborhood Club at the home of Miss Nellie Rohrs on Santa Clara avenue, Thursday afternoon. A very delightful social time was spent over fancy work, followed by a game of hearts. Miss Rohrs was assisted in entertaining and serving delicious refreshments by Mrs. William Rohrs, Miss Thee and Miss Hax.

The Club will meet next with Mrs. Schildmeyer on Grand avenue, the last Thursday in February.

Coming Soon
The ladies of this city and county will be glad to know that there is to be a Queen City College of Dress-making started in this city within the next month, to remain permanently. This will certainly be of lasting benefit to those who will take advantage of it. Any lady can readily gain a knowledge which will not only enable her to do her own sewing, but may make her absolutely independent. The

American-Made Fashions

This gown, worn by a well known society woman, was made in America on plans of an American designer. She wore it recently at a social function at her home, and most of the women present who were good judges of clothes were taken with the gown of their hostess.

In selecting the decorations for her entertainment she first considered her own gowning, including the suitability of certain colors to herself. Her choice fell upon yellow, and with yellow she arranged her drawing rooms, having flowers of yellow with backgrounds of green ferns and foliage, and here and there a cluster of white flowers entered into the arrangement.

Her lights were shaded with yellow, and with it all the effect achieved was as much like soft sunshine as could be got. All of her plans were so arranged as to

set off to advantage herself and her gown—a veritable "Sunshine" gown.

First, a foundation of white goldenrod satin, gathered a bit about the waist, and with a wide tuck so placed as to stimulate a deep hip yoke. The bodice of satin was laid in deep crosswise tucks, and draped over this was gold colored daphne silk embroidered across the top with gold and white sequins in flower design. A straight shawl of daphne silk, sequin spangled, draped the shoulders, ending in a point at the back, which was heavily weighted with a tassel of beads.

Over the foundation skirt was draped a double tunic of gold embroidered daphne silk, the edges finished with deep scalloped bands of cloth of gold. Slippers of yellow satin were worn, with hose of silk—neither dyed nor bleached—but of the natural shade.

lads by Miss Halstead, the charming mother of the hostess.

Those enjoying the informal evening with Professor and Mrs. McCormac, were Mr. and Mrs. J. S. Smart, Mr. and Mrs. J. G. Quick, Mr. and Mrs. C. W. Burns and Mr. and Mrs. John Clarkson.

Birthday Surprise
A delightful surprise was rendered Miss Maude Whitney at her home, 2212 North Main street last evening, when a crowd of young folks stepped in to celebrate her birthday.

One of the main features of the evening was an old-fashioned taffy-pull, which was enjoyed by all present. Many games were played until the hour for retiring, when all departed wishing Miss Maude many successive happy birthdays.

Those present were Misses Kathleen McZulloch, Vera Hendrickson, Mabel Trindle, Ethyl Klatt, Rosa Klatt, Mary McKarter, Kathryn Wolford, Maude Whitney; Messrs. Roy Osborne, William Sebastian, Tom Trythall, Ray Whitney, Roy Mueller, Homer Holzgrafe, Glenn Beltz, Klein Wilford and Edson Hendrickson.

Loses Finger Tip
Charles Soderstrom, a traveling salesman of San Diego, lost the tip of the little finger of his left hand when it became caught in a door on the Santa Fe train arriving here shortly before noon today. Soderstrom was taken to the Santa Ana Hospital and the injury attended to.

Meningitis Victim Improves
Mrs. A. Langford, of Fullerton, confined in the county hospital with spinal meningitis, is reported to be improving. Her condition is considered more favorable than for several days. She has recovered consciousness. Examination of the spinal fluid has proved beyond a doubt that Mrs. Langford is suffering from spinal meningitis of the infectious character.

STOP THAT COUGH—NOW
When you catch cold, or begin to cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the throat and lungs and fights the germs of the disease, giving quick relief and natural healing. "Our whole family depend on Pine-Tar-Honey for Coughs and Colds," writes Mr. E. Williams, Hamilton, Ohio. It always helps. 25c at your drugist.

Warren's Big Clean Sweep Sale will continue next Monday and Tuesday on account of rainy weather. 415 North Main street.

Personals

Mrs. Prudence Stokes Brown, known throughout California as an earnest advocate of organized handwork in the public school, as well as school industrial credits for home industrial work, left Santa Ana yesterday after a pleasant visit with Mrs. George Mahr. Mrs. Brown expects to return next week and will spend some time in visiting the public schools and kindergartens of this city.

J. H. Chamberlain of 214 South Broadway left yesterday morning for Mulvane, Kansas, called there by the serious illness of his mother.

Misses Blanche and Eleanor Hawkinson left this morning for Pasadena, where they will spend the week end with friends, former classmates at the Kansas State University.

Manager Russell of Clune's theater made an early morning trip to Los Angeles.

Mrs. Alice Arnold and daughter, Miss Mildred, returned yesterday to their home at Hollywood after a visit with Mrs. Nelson Jameson on West Fourth street.

Mrs. H. C. Dawes and daughter, Miss Roberta, were among the Santa Anas who spent today in the Angel City.

J. J. Tavis, local agent for the Salt Lake Route, made a business trip to Los Angeles this morning.

Miss Rena Cranston made a trip to Los Angeles today.

Mrs. Sarah H. Flowers, who came down from Long Beach to attend the Torosa Rebekah installation services, remained for a short visit with Mrs. Kate Bradford, Miss Lottie Lyman and other Santa Ana friends. She returned to her home this morning.

H. G. Nau made a business trip to Los Angeles this morning.

Miss Olive Lopez, accompanied by her sister Isabel were among the Santa Ana visitors in Los Angeles today.

Mrs. Henry J. Newburg has returned from a pleasant visit with San Diego friends and is enthusiastic in her report of the exposition.

Professor Fitz of Garden Grove spent part of the day in Santa Ana. Miss Anna Peters and Miss Matterman of Orange, visited in Santa Ana today.

Miss Grace McAllister, accompanied by her aunt, Mrs. A. C. Gebhardt left this morning for San Diego where they will spend next week, visiting relatives and attending the exposition.

Mrs. Nellie Cartnell has returned from a short visit with friends at Venice.

BREA CANYON ROAD IS NOW IMPASSABLE

Automobilists should take warning that the Brea Canyon road is now impassable. Word to this effect was received from the County Highway Commission offices this morning.

THE LIVER REGULATES THE BODY
A SLUGGISH LIVER NEEDS CARE
Someone has said that people with Chronic Liver Complaint should be shut away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Bilelessness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your Druggist—Advertisement.

CIGARETTE ON SCHOOL GROUNDS BE CAUSE TO EXPEL OR SUSPEND

State Senator John N. Anderson of Santa Ana, chairman of the state Senate committee on education, has introduced into the Senate a measure, whereby, if the bill is made into law, every boy in the public schools who smokes cigarettes or has cigarettes in his possession on school premises, is made liable to suspension or expulsion.

YOUNG VIOLINIST GOES TO THE GREAT BEYOND

The funeral services of little Inez Louise Ross, 10-year-old daughter of Mr. and Mrs. Guy M. Ross of this city, were held at Riverside on Thursday afternoon. The illness which resulted in the death of this charming little girl was brief, and her many friends, both young and old, were shocked when the word came to them. Possessing rare musical ability, she was studying the violin under Professor Andrist, and was making marked progress. A delightful personality made her popular with the teachers and pupils at the Washington school. A particularly sad feature of the passing of little Inez is that she was taken ill on the eve of her tenth birthday and the pretty cake which her devoted mother had prepared was never cut. Like the ten little candles that flickered out—so did this little life.

A Potpourri of News and Views

(From Los Angeles Financial News.)

For Strict Liquor Law

California Grape Protective Association has decided to back a most stringent liquor law and to that end has completed the draft of its proposed law to regulate the liquor traffic in the State. The measure which will be introduced in the Legislature is designated "An act for the suppression of intemperance and the regulation of the liquor traffic to be known as the liquor code of California." Here are the salient features of the bill:

Placing control of the liquor business in the hands of State officials and taking such control entirely out of the hands of city and county authorities.

Distinction between licenses for sale of malt and various liquors and licenses for sale of spirituous liquors, with the intention of encouraging the use of the lighter beverages, for beer and wine the license to be one-half that required for an unrestricted license for the sale of spirituous liquors.

Fixing a scale of license fees to rule for all parts of the State, viz: Bar license, \$1000; Wholesale license, \$500; Hotel license, \$250; Restaurant license, \$250; Club license, \$200; Steamboat license, \$100; Railway train license, \$10; Grocer's license, \$50; Bartender's license, \$5.

Liquor licenses to be permanent during good behavior of holders of such licenses.

Issuing of licenses in accordance with ratio of population.

Creation of compensation fund to be distributed among saloons arbitrarily retired by enforcement of provisions of this law.

Permitting saloons to be opened on Sundays only between the hours of 1 P. M. and 6 P. M.

Forbidding the sale of liquor to persons of notoriously intemperate habits.

California Is Mecca For World

California is the mecca for all tourists this year. The eyes of the country are on the Golden State and thousands upon thousands of Americans will for the first time see this playground of the United States, this Italy of America. This is the universal opinion of the advance guard of Americans who have already arrived.

Former President of the American Steel and Wire Company who arrived in Pasadena this week, and is at his winter home in that city, has the following to say about conditions in general and Southern California in particular.

"This winter is bound to be the greatest tourist season California ever has known. I have never known so many Eastern people coming or preparing to come here. Florida lacks the climate and it has malaria; California has the climate and has no malaria. When people once get started to coming to California, they will continue to come year after year."

"Regrettable as are the European war and other conditions that have brought about these good prospects for us here, the fact remains that California has long needed just some such thing to give it the impetus it is now getting in the East. It is not hard to get people who have been here to return. They come year after year, once they have started. The difficult thing is to get them to come for the first time."

"Conditions do not improve at all in Mexico. Had Roosevelt been President the war there would not have lasted sixty days. If Taft had intervened and landed soldiers at Vera Cruz and sent them on to Mexico City the situation would have soon been improved. As it is, there is no telling when the trouble will end. Villa seems the strongest man in Mexico."

Dividend Losses Last Year

"The year 1914 brought material hardship to many stockholders, not only in the matter of the depreciation in the price of the various securities in which they are interested, but also in the matter of income derived from these securities," says the Wall Street Journal. "Changes in the dividend policy on the part of no less than 191 corporations, of which 116 passed or deferred their dividends during the year, and 75 made smaller payments, entailed an enormous loss to holders of these stocks. Only 26 corporations increased their dividend rates during this period, of which number 13 were public utilities."

"Changed conditions following the declaration of war were responsible, of course, for by far the greater number of reduced dividends, reductions since August 1 numbering 58, and passed or deferred dividends 83. A classification of the various corporations shows that the Standard Oil stocks led the list of reductions, nine companies having made smaller payments during the year. Among the other reductions, eight were made by the railroads, eight by public utilities, six by the copper, and three by the steel companies. Among the passed and deferred dividends there are included twenty-four public utilities, twelve railroads, eleven steel, ten coppers, and two Standard Oils."

Electrical Development in State

Electrical development in California made splendid progress during the year 1914. From an address by Max Loewenthal, electrical engineer and member American Institute of Electrical Engineering, the following facts are taken:

"California is second among the States in the amount of waterpower development; third in the total capacity of dynamos."

"The greatest asset in the western electrical power field is the completion of the Big Creek project of the Pacific Light and Power Corporation."

"Los Angeles has begun the development of 165,000-horse power along the aqueduct and allied sources, that will easily pay 10 per cent per annum on the investment of \$50,000,000."

"On the two electric railways of Los Angeles each car travels more car miles and patrons ride more car miles per capita than in any of the twenty largest cities of the Union."

"Los Angeles has more telephones per 100 population than any other city in the world—23.3."

"The Pacific Telegraph and Telephone Company operates the largest switchboard and the Home Telegraph and Telephone Company the most perfect automatic system in the world."

Large Fee For Incorporation

Filing its articles of incorporation with the Secretary of State of California cost the General Chemical Company of New York \$2750. The big fee charged the foreign corporation which intends to operate extensively in California was based on the company's capitalization which is \$27,500,000. The company is owned by a number of Chicago, Philadelphia, New York, Pittsburgh and Cleveland capitalists who will manufacture all kinds of chemicals in Philipstown, Putnam county, Pa.

Farm Animals in United States

Farm animals in the United States on January 1 were valued at \$5,969,253,000. Department of Agriculture figures announced Tuesday show this total, an increase of \$78,024,000, or 1.3 per cent over their value January 1, 1914.

Horses numbered 21,195,000, an increase of 1.1 per cent over last year; were valued at \$103.33 per head, and their aggregate value was \$2,190,102,000.

Mules numbered 4,479,000, an increase of .7 per cent over last year; were valued at \$112.36 per head, and aggregated \$503,271,000 in value.

Milch cows numbered 21,262,000, an increase of 2.5 per cent; were valued at \$55.33 per head, with an aggregate value of \$1,176,838,000.

Other cattle numbered 37,067,000, an increase of 3.4 per cent, were valued at \$33.38 per head, with an aggregate value of \$1,237,376,000.

Sheep numbered 49,956,000, an increase of .5 per cent; were valued at \$4.50 per head, with an aggregate value of \$224,687,000.

Swine numbered 64,618,000, an increase of 9.6 per cent; were valued at \$9.87 per head, with an aggregate value of \$637,479,000.

Stock Issue Authorized

The Railroad Commission has granted authority to the Mount Whitney Power and Electric Company to issue \$418,000 7 per cent cumulative preferred stock. The proceeds are to be used for the purpose of paying off the company's floating indebtedness. The order provides that the stock shall be sold at not less than 95. It is the purpose of the company to issue this stock to its holding company, the Mount Whitney Power and Electric Corporation of New York. The holding company, it is intended, shall then issue its shares in corresponding amounts. The order of the Commission provides that the company may use the money from the proceeds of the sale of the stock to pay off its indebtedness and that it shall retain in its treasury the sum of \$100,000 to be used thereafter, either for additions and extensions to its system or to paying other indebtedness to its chief party in interest, John Hays Hammond.

Taxing California Corporations

Taxes on the corporations in California will be increased by \$3,259,400 in the next two years. The Joint Committee on Revenue and Taxation of the Assembly agreed upon a bill which was presented in the Legislature Monday. The rates agreed upon are as follows:

Corporation	Old Rate	New Rate	Per Cent Increase	Total Tax
Railroads	4.75	5.25	10.5	\$6,658,100
Gas and Electric	4.6	5.25	14.1	2,291,000
Telephone & Telegraph	4.2	4.5	7.1	732,300
Banks	1.2	1.2	0	2,181,600
Insurance	1.75	2.2	25.7	906,160
Corporation Franchise	1.2	1.2	0	1,900,000
Total				\$1,640,900
Decreases				\$14,730,100
Express Co's.	2	1.6	-20	78,300
Car Co's.				1,500
Total				\$21,100
				199,000

Pacific Telephone Earnings

The Pacific Telephone and Telegraph Company reports for the last quarter of 1914 as follows:

	1914.	1913.
Gross earnings	\$4,899,197	\$4,667,512
Expenses	3,758,266	3,533,427
Net earnings	\$1,131,931	\$1,134,085
Interest	583,225	549,971
Net profits	\$548,706	\$584,114
Dividends	480,000	480,000
Surplus	\$62,706	\$104,114

Standard Oil Election

At the annual meeting of the Standard Oil Company of New Jersey, held at Bayonne, at which A. C. Bedford, vice-president, who acted as chairman of the meeting and one lone stockholder were present, W. H. Libby was elected a director to fill the vacancy left in the board by the withdrawal of W. C. Teagle some time ago. The Standard Oil Company of New Jersey board of directors is now composed of the following: J. D. Archbold, F. D. Asche, A. C. Bedford, S. B. Hunt, Walter Jennings, O. T. Waring, F. W. Weller and W. H. Libby.

Second Orange Crop in Paraguay

Owing to the unusually warm weather during the month of July, August and September there was a general second crop of oranges in Paraguay, writes U. S. Consul General Wiley at Asuncion. The regular orange season ends in September but the markets are now supplied by the second crop. Considerable quantities of these oranges are being exported to Argentina, and command there a much higher price than is paid during the season.

Central California Gas Earnings

The December statement of the Central California Gas Company, received by the William R. Staats Company, shows an increase of about 28 per cent in gross and 48 per cent in net earnings as compared with December, 1913. The statement follows:

	1913	1914.
Gross earnings	\$7172.50	\$9369.11
Net earnings	3733.47	5000.27

The company is earning in excess of two and one-third times interest charges on bonds outstanding.

Homesteaded on Oil Lease

On the Section Two Syndicate division on section 2, 32-23 Taft district the North American Consolidated Oil Company owns property for which it paid one year ago \$1,250,000. Last week one John Brooker filed on the property under the Homestead law claiming all chattels on the surface as is allowed by the law. Then he started plowing. He was ejected from the property and a test case is to be made in the courts with the North American Company as the defendant.

Wheat Prices in England Soar

The price of wheat in England is higher now than at any time within the past 50 years. This has caused a demand for some form of state control for food supplies.

Milk for British Army

Two hundred and fifty thousand crates of powdered milk have been ordered by the government of Great Britain for the army. The order was given to a Peoria, Ill., manufactory.

VILLA PARK'S NEWS BUDGET

VILLA PARK, Jan. 30.—Rev. Livingston went to Los Angeles Wednesday, returning Thursday.

The orange packers had a few days' vacation this week. On account of the rains no fruit was picked.

J. M. Richardson attended a meeting of all the grammar school principals of the Orange Union high school district at the high school, Wednesday evening. The purpose of the meeting was to arouse a greater interest in athletics. An athletic meet is being arranged. It will take place some time in the spring.

Willard Smith returned Wednesday from a trip to Arizona.

The Modern Priscillas held their meeting this week at the home of Mrs. Jack Collier.

There is quite a lot of sickness in the neighborhood at present, mostly colds and grip. Several children are out of school.

Miss Granger visited her uncle and aunt, Rev. and Mrs. Livingston, Wednesday and Thursday.

The Brubaker family returned yesterday from Los Angeles where they have been spending a few days with friends.

Mr. and Mrs. George Caldwell very pleasantly entertained the teachers of the Villa Park Sunday school classes last Saturday evening.

BUENA PARK EDITOR TELLS WHY HE LEFT IN SUCH A HURRY

A. W. Stone, the Buena Park newspaper man, who left the country hurriedly some weeks ago and without the formality of notifying his creditors, has written a letter to L. D. Jayne of Buena Park. Stone is now located in Pueblo, Colorado. Jayne, it is understood, was one of Stone's victims, being caught for several simoleons on a "not sufficient funds" check. The letter to Mr. Jayne follows:

Pueblo, Colo., Jan. 16, '15.
Mr. L. D. Jayne, Buena Park, Cal.
A failure to obtain capital for the Record, upon which I was depending and without which it was impossible to keep the paper going any longer, made it necessary for me to abandon the field at short notice, last week. I had been assured of a loan, but the prospective investor turned me down at the last minute and I was in such desperate straits that I had to fall back on my old job here in Pueblo, on the Star-Journal.

It hurts me deeply to think that I had to leave as I did; but I had arrived at a point when I needed money, desperately, and was unable to borrow it or make the paper produce it. I could see nothing else to do, since I was so near broke that I could not have supported myself long enough to have secured financial aid. It happened that I was able to borrow enough railroad fare, advanced upon the stipulation that I return to Pueblo immediately.

Please tell the Buena Park people what I have written and convey to them my regrets at the outcome of the Record. It was a promising little sheet, and I had banked upon making it my life's work. Without money, however, and facing an impossible task in procuring it, I had to give up. There was nothing else to do.

Thanking you for the courtesy you have shown me, I beg to remain, Yours very sincerely,

A. W. STONE.

FIVE CENTS PROVES IT

—A Generous Offer. Cut out this ad, enclose with 5 cents to Foley & Co., Chicago, Ill., writing your name and address plainly, and receive a free trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for kidney and bladder complaints, backache, pains in joints, rheumatism; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic—try all three for 5 cents, the cost of mailing. Sold by all druggists.—Advertisement.

COLDS ARE OFTEN MOST SERIOUS

STOP POSSIBLE COMPLICATIONS
The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of Colds. 50c at your Druggist. Buy a bottle today.—Advertisement.

NOTICE TO CREDITORS

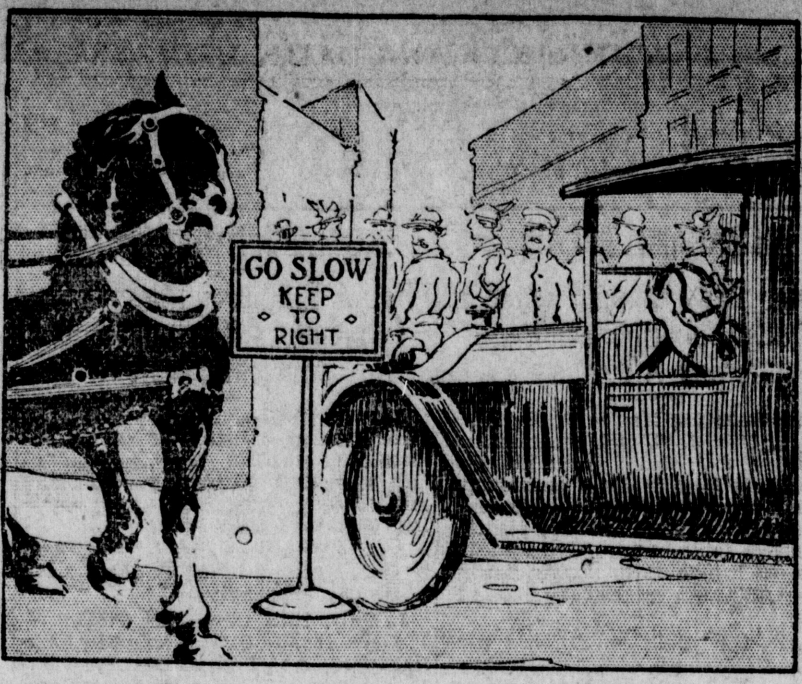

Estate of Matilda H. Clark, deceased. Notice is hereby given by the undersigned executor of the last Will and Testament of Matilda H. Clark, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 19th day of December, 1914), to the said executor, at the office of Charles H. Stanley, one of his attorneys, in the Opera House Block, in the City of Santa Ana, County of Orange, State of California, which said office is hereby designated as the place for the transaction of the business of said estate in the said County of Orange.

Dated this 19th day of December A. D. 1914.

REO. C. ADAMS, Executor.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Caroline Buchheim, Deceased.
Notice is hereby given that Friday, the 5th day of February, 1915, at 10 o'clock a. m. of said day, at the Court Room of Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Aaron Buchheim praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Aaron Buchheim, at which time and place all persons interested therein may appear and contest the same.
Dated January 26, 1915.
W. B. WILLIAMS, County Clerk.

"GO slow. Keep to the right." That's a good slogan for LIFE'S WHOLE JOURNEY as well as for the passing moment in the street. CAUTION and CORRECTNESS in financial dealings, in physical well being, in moral and mental attitudes, are splendid attributes. This bank goes slow. It keeps to the right. It fills EVERY FUNCTION of BANKING with caution and correctness. Do YOUR banking with us and benefit by our caution.

Facts are Facts

because of anything or conditions that actually exist. The statements we've been making from time to time regarding conditions in the Tempton-Paso Robles district—(climate, fertility of soil, advantageous location as to market and social conditions, rainfall and wide range of products,) have been statements of facts, sometimes disputed by parties who have no knowledge of the facts, or have only made an indifferent investigation, but facts nevertheless.

Our statements of the probable future of the district have, of course, been predictions based upon those facts and our observations of what has taken place in many other meritorious sections of California. Every forecast made by us as to the future of the locality is being more than justified by the happenings of the past two years, at a time too, when development in many localities has been at a standstill or slipping back. Most of the development now being done there, with the exception of an eight million dollar project, is by men from Orange county and other parts of Southern California, mostly men of the hard-headed "show-me" type who know fruit and nut growing and California conditions.

We're Right

we know we are right and will be glad to tell you about this wonderful country and talk land to you—large or small parcels, improved or unimproved, fruit, nut, general farming, or stock ranches.

LOS ANGELES PRODUCE MARKET

With \$1.50 wheat in Chicago comes \$8.90 flour in Los Angeles. The milling market always responds suddenly to advances, but is not quite as rapid in the downward trend. At this time, all experts agree that there is justification of higher prices because of the impossibility to determine the end of the European struggle. The only thing that would mitigate against further advances would be an embargo on all grain, which if shipments continue at the present rate, may not follow. It is said that there are more than 1,000,000 bushels of wheat going to Europe every week. Wheat here went to \$2.80 per hundred. Corn advanced 5 cents a hundred pounds. Rolled barley, bran, shorts and other similar mill products showed an advance of from 5 to 15 cents a hundred.

A few changes were reported in the poultry market, the majority being toward lower figures, offerings having been plentiful during the past week owing to the fact that producers are trying to avoid the high cost of feed. In a short time this may react because of the scarcity thus resulting. An exception to the lower price was the fryer, young chickens being scarce at this time. Dealers are offering 14 to 16 cents for hens and also a wider range on turkeys.

In the market of staples, fruits and vegetables there were scarcely any changes and green stock was a little higher on some vegetables because of impossibility of farmers to get to market on account of the rain.

Canal isn't wide enough for the Colonel and Taft to go through on the same ship.

STATE HASTENS ITS HIGHWAY WORK

With Construction, Constant Care is Used to Maintain Excellent By-Passes

DARLINGTON FAVORS ROADSIDE PLANTING

State Commissioner Says Experience Shows Utility of Bituminous Surface

Through constant care and attention on the part of the State Highway Commission, the state highway through Orange county is to be hastened to early completion. State Highway Commissioner Darlington, of Los Angeles, declared this morning that the commission and its employees are giving and will continue to give the state road work here its best efforts.

"We know that 1915 is a great year," said he this morning. "We know that thousands upon thousands of automobiles will be headed for San Diego and its exposition, and it is our intention to maintain throughout the year good roads on the most direct route between Los Angeles and San Diego. That route lies through Orange county."

The section of the state road between Santa Ana and Fullerton has been completed several months. At present a bituminous surfacing is being completed on the section between Fullerton and the county line in La Habra Valley.

"We are watching the surfacing closely," said the highway commissioner, who is keenly alert to the details of constructive work. "The state has provided tests whereby we get the very best oil for our purpose. One of its chief qualities is its adhesive qualities. Our experience has demonstrated the advisability of using bituminous surfacing rather than heavier asphalt. The bituminous cover

costs \$600 to \$700 a mile, and two-inch asphalt \$400. The interest on the difference will pay for the upkeep of the bituminous surface.

"When we began using this bituminous surface we were criticised severely. We maintained that the method was the best. Actual usage on the roads has proven our contention."

Commissioner Darlington said that sand has been provided so that it can be spread upon the surface when needed. The rock and oil has been applied at a time of year when the oil will not absorb as much as it will later. With the warmth of spring, the surface will begin to "bleed," that is, oil will begin to exude. Then sand will be applied.

"If we had a hundred million dollars to spend," said he, "I would still favor this method of surfacing as the most business like, practical method."

To the South Recent storms have interfered with the progress of road building between Santa Ana and the San Diego county line. The contractor is laying concrete between Culver's corner and Irvine, and has put in most of the culverts between Culver's and Tustin. With clear weather the concrete between Irvine and Culver's will be finished in thirty days, and by May the rest of the contract to Santa Ana will be finished.

The grading between Galivan and the El Toro road is finished, and the concrete mixer will start at once. Work on the road between the El Toro road and Irvine will start soon.

The contract for the section between Galivan and San Juan Creek has been let, and work will be started within two weeks. The state has put a 100-day limit on that job, and the contractor understands from the State Highway Commission that it means business when it talks hurry-up. The contractor is also bound to provide at all times good by-passes for the use of the public.

State's Graders At present the state has a crew of men grading the road between San Juan creek and Serra. The crew had already finished grading across Echenique's mesa, just this side of the San Diego line, and a good dirt road is provided now. It will be kept in shape with a grader until later in the spring, when it and the section between San Juan creek and Serra will be paved with concrete.

"There is a great deal of dirt to be moved along the bluff on the east side of the Santa Fe below Serra," said the commissioner, "and we have in mind doing that by day labor, giving employment to some of those who are out of employment. While that work is being done the present road on the west side of the tracks will be kept in good shape."

"All along the line through Orange county, where construction work is going on, we are going to spend money to maintain good by-passes."

Co-operate in Planting Commissioner Darlington today stated that he is favorable to the planting of trees and flowers along the state highway, and the state commission will co-operate with the county board of forestry in planting the state road through this county. This year it is proposed to plant trees where possible on the completed portion between Santa Ana and the La Habra line.

The commission is strongly in favor of planting rose bushes and vines along the state highway, not in a conventional way, however, but with a view to furnishing a beautiful covering for unsightly objects.

"I should urge that a rose bush be planted to cover a fence corner, for instance, or a vine to clamber around a pole," said he. "I believe something of that sort will do much to make the roads attractive. The making of our highways beautiful as well as useful is very important."

The commission has in mind the paving of the three-cornered piece at the north end of North Main street. While the place might be made into a beauty spot, still as a matter of safety to the public, it may be decided to pave the entire triangle.

GOULD'S FORMER WIFE DENIES WEDDING ACTOR

NEW YORK, Jan. 30.—Reports emanating from Atlantic City that Mrs. Helen Kelly Gould Thomas, once the wife of Frank Jay Gould, had been married to William F. Elliott, the son-in-law of David Belasco and a well-known actor-manager, were denied yesterday by Mrs. Thomas and by Mr. Elliott in most emphatic terms.

Mrs. Thomas became a widow on New Year's eve, when Ralph Hill Thomas died suddenly. Under his will just filed for probate in Mineola, N. Y., she obtains his entire estate valued at \$4,000,000.

PROBE OF PRESS ASSOCIATIONS URGED

NEW YORK, Jan. 30.—Testifying before the Federal Industrial Relations Commission, which is investigating the Sage, Rockefeller and Carnegie Foundations, Amos Pinchot urged the commission to investigate the general handling of news by press associations. He cited what he termed concrete examples of favoring the mine owners by distorted facts in connection with the West Virginia and Michigan strikes.

"There are two news furnishing associations—the United Press and the Associated Press," Pinchot said. "The United Press is conducted by a group of younger men, with a broader attitude toward industrial questions, usually giving fair treatment to both sides in conflicts between capital and labor. The Associated Press is older and more conservative. It takes affirmatively the side of capital."

REVENUE CUTTER SERVICE GOES OUT OF EXISTENCE

NEW YORK, Jan. 30.—The United States revenue cutter service, organized when Alexander Hamilton, was secretary of the treasury, passed out of existence yesterday and was replaced by the United States coast guard. All along the Atlantic and Pacific littoral the former revenue cutter officers received information yesterday that they were now coast guard officers, although their rank remained unchanged, and that their vessels henceforth would be termed coast guard cutters. These instructions carry into effect the provisions of the law recently passed by Congress and signed Thursday by President Wilson, whereby the revenue cutter service and the life-saving service are merged into one organization. The new service becomes a part of the regular military establishment of the United States, and in time of war it passes under the direct control of the Navy Department.

All life-saving stations will be controlled hereafter by the coast guard and all life-saving crews will be made up of regularly enlisted men detailed from the new organization. Heretofore the life-saving service has been carried on the civil lists.

The coast guard comes into being with a total personnel of 4300, combining highly educated officers and trained seamen from the revenue cutter service and the best surf men in the country in the life-savers. The training and development of the new body will devolve upon the former revenue cutter officers, and its active management will be directed by a captain commandant, corresponding to the office which controls the revenue cutter service.

A. L. REED, PIONEER, KNOWN HERE, IS DEAD

Many Santa Anans will be grieved to learn of the death of A. L. Reed, who was well known in this section. A dispatch from Whittier says:

"Death claimed a pioneer of Whittier on Wednesday with the passing of A. L. Reed at his home in East Whittier. The Reed family came to Whittier in 1890 and Mr. Reed became manager for the East Whittier Land and Water Company. Later he was a member of the firm of French & Reed, Los Angeles railroad contractors. In 1905 he became resident manager of the Huntington Beach Land Company and for seven years was identified with the development of that city and section. He was a director of the Whittier National Bank and the Home Savings Bank of this city, and a director of the Great Republic Life Insurance Company of Los Angeles."

AMUSEMENTS

WHAT'S ON AT CLUNE'S

The Professor's Romance William Addison Rathbone has written a very funny comedy which Sidney Drew has produced, and in which he plays the part of the Professor. The house next door is an attraction, occupied by a widow, with a couple of children—Bobby and Helen Connolly—who make things lively for the Professor, but everything ends serenely for every one concerned. This is a most edifying and laughable comedy.

How Slippery Slim Gets Square

Another contest between Slippery Slim and Mustang Pete for the hand of Sophie Clutts. It certainly gets over for laughs and contains no ridiculous impossibilities, except where Slim was forced to jump home in a gunny-sack. It is a finely produced comedy.

The Flower of Faith

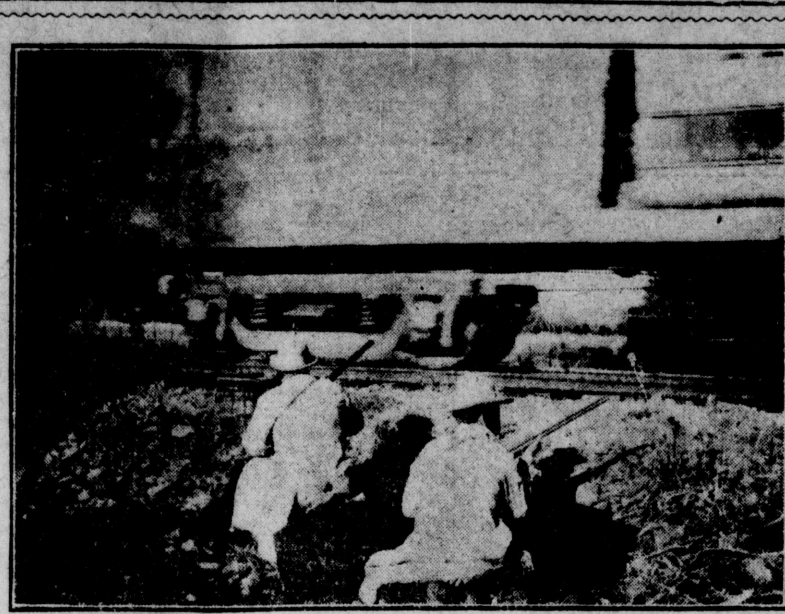

(Selig) 2-part drama

The story of a beautiful country girl, who loves roses and whose fate is intertwined with those beautiful blossoms. She goes to the city, meets with various mishaps and misfortunes, is rescued from suicide by a Salvation Army lass, and the story ends happily by her reunion with her village lover. It is a genuine love story and the pictures tell it in an interesting manner.

It is only sufficient to say that it will highly entertain and satisfy any audience.

WALKERS TO COMPETE

NEW YORK, Jan. 30.—George Goulding of Toronto, the 10,000-meter Olympic walking champion, will compete tonight with Eddie Renz of the Mohawk A. C. and Dick Remer of the Irish-American A. C. in a handicap match at the Thirtieth Regiment Armory in Brooklyn, to be staged by the Diocesan Union.

SCENE FROM "THE FOLLY OF A LIFE OF CRIME"

"FOLLY OF LIFE OF CRIME" AT THE TEMPLE THEATER

The newest and most inspiring story of all picturedom is that told in 500 scenes and called "The Folly of a Life of Crime," which will be shown at the Temple Theatre two nights, Sunday and Monday, January 31 and February 1. This is the very acme of engrossing picture stories, the first of the output of the United States Film Company. This story, depicting the outlaw life of the Evans and Sontag gang and their subsequent capture and imprisonment by the authorities, points one of the most valuable and interesting moral lessons ever put into picture story form, and yet it is so gripping in its intensity and so surprising in the quick succession of action as it shifts from the Indian war

dance previous to the New Uim battle to its final stages in the hills and valleys of California, that there is not a moment that fails to hold the attention of the spectator. The picture shows, with marvelous fidelity, the intrepidity and gameness of this band of outlaws which, had these qualities been put to more laudable purposes, would have landed them high in enviable places.

This production will be played at the Temple Theatre Sunday and Monday only, matinee and evening. Tonight will be the last performance of that thrilling, mysterious and laughable comedy drama in five parts, entitled "The Ghost Breaker." "Don't Miss it," says Manager Schlesinger, "it's great."

JUDGE THOMAS DECIDES FOUR COURT CASES

Decisions by Judge Thomas today: Santa Ana Wholesale Grocery Company vs. Pacific Electric—Motion denied to set aside findings and judgment.

Clarice Jackson vs. Henry Williams and Mrs. R. A. Williams—Decided in favor of the defendant, Mrs. R. A. Williams.

Citizens Trust & Savings Bank, Los Angeles, vs. Caroline B. Pittman—Decided in favor of defendant, Caroline B. Pittman.

Maybury Ranch Company vs. William Devenney—Decided in favor of the defendant, William Devenney.

In Department No. 2, of the Superior Court, Judge Thomas today handed down four decisions.

The case of the Santa Ana Wholesale Grocery Company against the Pacific Electric railway will probably go before the Supreme Court. Judge Thomas' decision denying a motion to set aside the finding and judgment in the matter.

In the case of Clarice Jackson, plaintiff, vs. Henry Williams and Mrs. R. A. Williams, defendants, action was brought to recover \$225 alleged to have been due to the plaintiff for services rendered to Henry Williams as nurse. Henry Williams having died, the case was tried against Mrs. Williams alone and the evidence, in the judgment of the court, did not show that she had anything to do with the employment of the plaintiff, but on the contrary, did everything she could to oppose her employment. The findings were in favor of Mrs. R. A. Williams.

The case of the Citizens' Trust and Savings Bank of Los Angeles vs. Caroline B. Pittman, action was brought by the trust company to compel the defendant to reconvey property to them, as guardian of Fred Tuffree, an alleged incompetent, on the ground of fraud practiced by the defendant. The decision states that there was no fraud actual or constructive and is against the contention of the plaintiff and in favor of the defendant.

In the case of the Maybury Ranch Company vs. William Devenney, action was brought to recover \$500 in the possession of the Orange County Title Company, claimed to have been received by it for use of the plaintiff. The decision is in favor of the defendant and awards to him the \$500 now in possession of the county clerk and directs the county clerk to turn the money over to Devenney.

Dyer Must Serve 25 Years

Notice was received today by the district attorney's office that the Appellate Court has affirmed the case of the state against Herbert Dyer, convicted on the charge of misconduct towards his stepdaughter at Anaheim last summer. The case having been thus affirmed, Dyer must serve out his full 25-year sentence in the penitentiary.

For Naturalization

An application for naturalization papers was made this morning by Emil Schmidt, a rancher of Anaheim. Schmidt was born in Kezen, Russia, in 1892, and has been in the United States since 1910, coming to this country from Bremen, Germany.

Final Decree

A final decree of divorce has been granted Fred Mang from Stella Mang, both of Anaheim. Melrose and Ames were attorneys for the plaintiff and C. M. O'Neill, O. M. Manning and Weiselt & Dutton for the defendant.

CAR OF CABBAGES

Garden Grove News: J. W. Morgan gets the chrome this year for cabbage production. He has just shipped a full carload from the Garden Grove station direct to Chicago. There were thirteen tons. It was grown on the Morgan ranch.

Avoid Arrest

By using the Deflector all the light rays are thrown ahead in a beam not over 4 feet above the road.

In Night Driving

Use this new patented device that snaps around the head-light bulb and deflects the light rays down on the road and out of other people's eyes and complies with all police regulations.

Price \$2.00

The best "NO GLARE" light on the market, as it does not reduce the volume of light, as other devices do.
